'Shot' On Tape Major Clue In Plane Disaster

CONCORD, Calif. (AP) — "Shot," the one clear word from an airliner before it crashed, has top-level investigators probing for clues to the death of 44 aboard, one of them a passenger informed sources said carried a new insurance policy and a gun.

Twenty-five Civil Aeronautics Board officials sought to learn if the diving crash Thursday was caused by any physical incapacity of the crew.

A force of FBI men probed the possibility of crime aboard the plane.

Neither agency would comment while the investigation was under way. There were these developments:

1. The CAB played for newsmen a tape recording of a garbled radio transmission from the pilot's compartment of the Pacific Air Lines Fairchild F27 moments before it plunged nose first into the green hills near here on a flight from Reno to San Francisco.

Some heard the lines as: "I've been shot! I've been shot! Oh my God, help!" Others didn't hear it that way. But all agreed they heard the word "shot."

2. Washington sources said the FBI established that a revolver found in the wreckage had been fired six times. The sources said also the FBI had traced ownership of the .357 Smith & Wesson magnum revolver to Frank Gonzalez, 27, of San Francisco, an expert at crewing a yacht as a pastime, a sometime waiter, and recently a warehouseman.

Gonzalez, a member of the Philippine yachting team in the 1960 Olympics, had been living in San Francisco.

Weather

By The Associated Press

Upper Peninsula — Mostly cloudy with a few showers likely and not much change in temperatures. Low tonight 46 to 54, high Tuesday 66 to 72.

Lower Michigan — Increasing cloudiness this afternoon, mostly cloudy with a few showers likely and not so cool tonight. Tuesday, cloudy with a few showers likely and not much change in temperatures. Low tonight 45 to 50 in the north and in the 50s in the south, highs Tuesday 67 to 75.

Highest temperature Sunday 70, lowest 54.

Highest temperature one year ago today 55, lowest 39.

Highest temperature this date since 1872, 86 in 1896, lowest 30 in 1907.

Michigan Twister Loss 8 Million, 10 Persons Dead

MT. CLEMENS (AP)—Families that paid a tornado's price of 10 lives lost and hundreds injured sought today to replace \$8 million in destroyed homes and belongings.

The thousand homeless persons were robbed of these by Friday's devastating tornado. The twister left an enormous reconstruction job after careening across a miles-long scene of homes, cottages and boat docks off Anchor Bay of Lake St. Clair in southeastern Michigan.

Gov. George W. Romney called for \$1 million in public donations to help the stricken families.

Watched by 300 National Guardsmen and law authorities, home owners grieved among rubble for lost possessions today and during the weekend. Some were kept away from their wrecked homes because of dangerous conditions.

Search Continues
"It looks like Hiroshima," State Police Capt. Fred Davis said of battered Chesterfield Township, target of the tornado's worst fury.

Threat of fire covered a two-square-mile area Sunday when fuel leaked from hundreds of bottled gas systems, Davis said. Police and National Guard units removed the containers.

A search continued for possible more victims. There were no reports of missing persons, Davis said, but "it is conceivable that a couple or a family could have been wiped out and there is no one left to make a report of it."

Romney, after touring the area with federal and state officials, said the township could

not qualify for federal disaster aid.

Most of the damage was to private property. The law restricts federal disaster aid to public service facilities.

Many Autos Wrecked
Insurance covered a \$6.5 million loss on homes, their contents and emergency living expenses, Deputy State Insurance Commissioner William Olsen and a group of insurance adjusters said.

Another \$1 million in wrecked automobiles and \$500,000 in ruined boats was covered by insurance, the men said.

The Small Business Administration planned to set up an office in a schoolhouse to accept applications by businessmen for low-interest federal loans to rebuild commercial establishments.

Patrols of National Guardsmen watched against possible looting. Police said they had numerous lost property reports, knew of no instance of looting.

Romney visited hospital patients again Sunday and conferred with Macomb County authorities.

An "Operation Bulldozer" program to aid Chesterfield Township grew out of a meeting between Romney and labor and contractor groups at Grand Rapids Saturday.

A plan also was arranged to facilitate public contributions to tornado victims.

"Post Office Box 330, Mt. Clemens" will accept mailed donations. Officials said checks should be made out to "Tornado Disaster Fund."

Officials also said they were making arrangements for acceptance of donated clothes or other items.

Plot To Kill Mc Namara Uncovered In Viet Nam

Congress Will Clear Way For Debates On TV

WASHINGTON (AP) — The Republican presidential nominee may get equal time, but he is unlikely to get on the same television screen with President Johnson in the campaign.

Congress has ready for action a compromise bill to suspend for the Democratic and Republican presidential nominees the provision of the Communications Act which requires broadcasters to make equal time available for all candidates if free time is given to one.

Passage of this legislation presumably would open the way for television-radio debates between the major candidates such as those between Sen. John F. Kennedy and Vice President Richard M. Nixon in 1960.

While there has been no final decision, top Democrats do not expect President Johnson to agree to face-to-face debate with his Republican opponent.

Instead, Johnson may take televised time to discuss the issues and state the case for his election. His GOP rival would have the same amount of time for the same purpose, but would appear separately.

The late President Kennedy told a news conference that he would debate his Republican opponent. Republicans already are citing this pledge and suggesting that Johnson is ducking a debate.

The President was said to feel that the situation this year is different from 1960 when neither of the major party candidates was carrying the responsibilities of the presidency. What they had to say did not constitute American policy as would any statement of a president.

Separate appearances of the nominees might deny Johnson's opponent some political advertising he could get by being on the same screen at the same time with the President.

Some of Nixon's supporters in 1960 opposed his decision to appear in debate with Kennedy. They felt that the vice president was much more widely known by the voters than the senator and was only helping his opponent get television exposure.

Balloon Soars To 37,000 Feet

MINNEAPOLIS (AP) — A young ex-paratrooper who soared to 37,000 feet under a small plastic balloon returned to earth with a claim of seven world altitude records and a recollection of extreme quiet.

In his little gondola seven miles high, said Tracy Barnes, 25, there was an "unusual feeling of absolute quiet, absolute stillness."

Barnes said Sunday's flight was successful in all respects, and he suffered nothing worse than a slight headache.

His journey in a three-by-four foot plastic gondola lashed to a 30-foot high balloon filled with hydrogen began at 5:15 a. m., at an airport 12 miles south of Minneapolis. It ended at 7:30 a. m. in a clover field near Mondovi, Wis., 80 miles southeast.

The polyethylene balloon was fabricated by Barnes at his barn workshop in Long Lake, Minn. His home is in nearby Orono.

Barnes' goal was to smash the 1940 record of 23,286 feet set by the Soviet Union's Boris Neverov in a small 3A balloon. Barnes' 3A balloon broke that mark, he said, and also six records for larger balloons. These were a 1936 mark of 35,607 feet set by I. J. Burzinski of Poland and five chalked up by Don Piccard of Sioux Falls, S.D., in 1961, at 34,462 feet.

Ax-Killer Makes Escape At Ionia

IONIA (AP) — A Detroit committed in the ax slaying of his mother and sister escaped Sunday night from Ionia State Hospital for the Criminally Insane.

He is Kenneth Maurer, now 32, and he walked away from his post as a trustee at the hospital's fire department.

Gov. Romney's Leadership Cheered By Republicans

LANSING (AP)—Michigan Republicans appeared ready today to play follow-the-leader with Gov. George W. Romney and go wherever he takes them in the 1964 gubernatorial and presidential sweepstakes.

Romney's leadership was acknowledged with thunderous cheers and applause by more than 3,000 Republicans attending the GOP state convention in Grand Rapids during the week-end.

Even some staunch supporters of Arizona Sen. Barry Goldwater said they might vote for Romney as Michigan's favorite-son candidate if his name is placed in nomination on the first ballot at the Republican national convention in San Francisco next July.

Backed For Re-election

And in a tradition-shattering move, the state convention delegates roared virtually unanimous approval of a resolution urging Romney to run for re-election as governor. Only a faint "nos" were heard in the back of the auditorium.

With the national convention only two months away, many political observers now feel that Romney—despite his insistence that he is not seeking the nomination—will be included among the initial-ballot nominees.

Michigan's 48-vote delegation at San Francisco may play a key role in the final choice of a candidate, especially if it votes in a bloc.

In a resolution, the state con-

vention endorsed Romney as leader and favorite son of the Michigan delegation. It urged every national delegate "to support and work with Gov. Romney to select a nominee for president of the United States who is best qualified to lead this nation."

The resolution also urged all of the delegates to be, and remain, uncommitted until national convention time.

"Quislings" Denounced
Delegates to the state convention, however, didn't only cheer wildly over the resolution urging Romney to run again—which violated the traditional hands-off-the-primary rule. They also gave the governor a standing ovation when he attacked so-called conservative Republicans in the State Senate.

Romney denounced as "political quislings" a group of GOP lawmakers who joined in a coalition with Senate Democrats two weeks ago to push through congressional and legislative apportionment plans against the governor's wishes.

In assailing what he termed the "apportionment sell-out," Romney described the dissidents as legislators who weaken the Republican party within and discredit it without.

Romney also declared he did not want blind obedience and dictatorial discipline.

Lundgren Accused

Governor Romney used the rostrum of the state Republican convention Saturday to blast Republican state senators who have bolted from his leadership, calling them "political Quislings."

"We have in Lansing those who sat in our party councils and then ran straight to the opposition to undermine the very programs a nd plans they helped to make," Romney said.

Last month 10 Republican senators joined ranks with 10 Senate Democrats to pass to the House congressional and legislative reapportionment plans against Romney's wishes.

"Some of our Republican legislators were misled and most of them have rejoined their colleagues and repudiated their Quisling betrayals and opposition and overloads," Romney said.

"When Republicans holding responsible leadership positions put their self-interest first and conspire with the opposition against their party's position," he added "this weakens our

Republican effort from within our own ranks.

Lundgren Replies

Romney's top senate leader, Sen. Stanley Thayer (R-Ann Arbor), has named Sens. John Smeekers, (R-Coldwater) and Kent Lundgren (R-Menominee, representing the 30th Senatorial District in the U. P. including Delta County) as part of a hard core of Republican resistance to Romney.

"This thing has been way overplayed," said Senator Lundgren in Escanaba today. "I have been the leader in presenting apportionment plans for the House and Senate that strictly follow lines drawn by the new Constitution. Governor Romney himself 10 days ago said he would sign this plan when it came to his desk. This is the so-called '500-Plan' which passed the Senate and now lies in the House."

"There is no anti-Romney feeling certainly in my desires and those of other Republican Senators and our desire has been to give the state the best apportionment plan that we can. There has been no intention of preserving anyone's district any more than as the new Constitution itself provides. It says that no district shall be changed except when it does not meet the new formula of 80 percent population and 20 per cent area."

Congressional Seats

Asked about charges that the Lundgren plan would keep U. P. senate districts, but give the Democrats one more Congressman from Michigan, Lundgren said:

"We would keep 3 U. P. senate districts, but it would not preserve my present district. It would change all three U. P. Senate districts and these changes have been proposed from the first."

"Under any formula now we're going down below the Straits and pick up several counties in our U. P. Congressional District. We have to get at least 410,000 population and it can only be done by going below the Straits to pick up some population, because the U. P. has only 305,000 population."

"Both Congressmen John Bennett and Victor Knox have indicated to me that they are going to run for Congress regardless of the districting. And remember that this plan still has to go back to the U. S. Federal Court at Port Huron. It retained jurisdiction in the case."

Several other Viet Cong suspects have been picked up. A quantity of high explosives has been unearthed since the arrest of the three, police sources said.

The Viet Cong agents confessed they planned to blow up the bridge. One of the agents was caught laying a wire under the bridge. He led police to the two other agents and a mine with an explosive charge hidden in an old kerosene can buried in the mudbank of the river.

U.S. officials did not say whether alternate plans had been made for McNamara's arrival.

Gen. Taylor Arrives

Gen. Maxwell D. Taylor, chairman of the U. S. Joint Chiefs of Staff, arrived without incident today to join with McNamara in conferences on the war against the Communist guerrillas.

"I have come here to get a sense of reality about the situation here," Taylor said. "That is the same reason McNamara is coming, too."

Taylor, who accompanied McNamara on previous visits, said officials in Washington were encouraged by the steps undertaken by Premier Nguyen Khanh but he added it was too early for "comparative statements."

"Don't be surprised if we are back here every couple of months," Taylor said. "We get regular analyses of the Viet Nam situation in Washington but we need to update them."

McNamara, who was winding up a visit to West Germany Sunday, showed no concern about the alleged plot.

"You can say that I have no comment to make, absolutely no comment," he told reporters in Bonn.

Policeman Spots Swimmer
Reliable sources said a Vietnamese policeman happened on the plot about 10 p. m. Saturday when he spotted an underwater swimmer near the bridge. The swimmer and two other men in the area were arrested.

One was in a public lavatory near the bridge and about 150 yards of wire trailed out of the structure. Police dug up 50 pounds of explosives in a kerosene can in a mudbank.

The informants said the three men—two of them Viet Cong agents and the third a "strong suspect"—confessed to the plot during a night of interrogation.

Their leader, who fled, had intended to set off the explosive from the lavatory as the McNamara motorcade passed, they said.

Curious aspects of the incident prompted questions by some Western sources. They questioned why the wire had been laid two days in advance, thereby increasing the risk of discovery.

Others suggested opponents of Khanh may have been trying to scare off McNamara rather than assassinate him. One of the defense secretary's objectives is to strengthen the Khanh regime.

Reds Captured Trying To Mine Saigon Bridge

SAIGON, South Viet Nam (AP)—A Communist agent suspected of plotting to kill U.S. Secretary of Defense Robert S. McNamara on his arrival Tuesday leaped from a window at police headquarters today, police said.

The agent, identified as Nguyen Van Troi, leaped from a second-floor window, landed on a jeep, suffered a broken leg and was hospitalized. Police said he was in a coma.

Troi was one of three suspected Communist Viet Cong agents picked up Saturday night as they tried to mine a bridge on the route McNamara will take from Saigon airport into the capital. U.S. Ambassador Henry Cabot Lodge was expected to be riding with McNamara.

Explosives Dug Up

Several other Viet Cong suspects have been picked up. A quantity of high explosives has been unearthed since the arrest of the three, police sources said.

The Viet Cong agents confessed they planned to blow up the bridge. One of the agents was caught laying a wire under the bridge. He led police to the two other agents and a mine with an explosive charge hidden in an old kerosene can buried in the mudbank of the river.

U.S. officials did not say whether alternate plans had been made for McNamara's arrival.

Transport Plane Crash In Manila Claims 72 Lives

MANILA (AP)—A U.S. military jet transport carrying personnel to Southeast Asia crashed and burned tonight at Clark Air Force Base north of Manila. A U. S. Air Force spokesman said 72 of the 83 persons aboard were killed.

Wreckage was strewn over a wide area of the base, a relay point for supplying U.S. forces in South Viet Nam.

The spokesman said there was a localized rain squall in the Clark area 60 miles north of Manila at the time but "there was plenty of visibility."

He said investigators at the scene gave no indication of the cause of the crash. He added that weather conditions at the base were not unusual for landings.

The transport, carrying 73 passengers and a crew of 10, broke up and burned less than a half mile from the runway, the spokesman said.

It had left Travis Air Force Base, Calif., Sunday and had stopped at Hickam Field, Hawaii, before going on to Clark.

The injured were taken to a hospital.

The plane was operated by the Military Air Transport Service.

A spokesman for the U.S. 5th Air Force in Japan was told that the plane carried "military passengers." MATS policy is not to fly civilians, and it was

believed that no dependents of military personnel were aboard.

The four-jet transport capable of carrying 126 persons crashed at about 7:15 p. m. Manila time, in a level, unobstructed area of dirt and grass, the spokesman said.

There was no sign of distress before the crash, and the plane "just didn't make the runway," he added.

Most of the 12 survivors were "in pretty bad shape," he said.

The spokesman could not say which service most of the passengers were from—Air Force, Army or Navy. He also could not say whether the plane was bound for another destination after landing at Clark.

Clark Field, about 60 miles north of Manila, is the main U.S. base in Southeast Asia. It is headquarters of the 13th Air Force, and serves as a principal shuttlepoint for supplying American forces in South Viet Nam.

The plane was attached to the 44th Air Transport Squadron of Travis Air Force Base. A spokesman there said it left the base at 9 a. m. Pacific time for the Philippines, and stopped at Hickam, in Hawaii.

Earlier in the day two Philippine air force jets crashed at Basa base in central Luzon island. The pilot of one plane was killed but the pilot of the other parachuted to safety.

Nuclear Vessel Savannah Starts Cruise In Gulf

HOUSTON, Tex. (AP) — Carrying 31 passengers and a token cargo of paper and automobile antifreeze, the nuclear vessel Savannah sailed Sunday for New Orleans, La.

The Savannah will proceed May 16 from New Orleans to New York, making stops at Baltimore and Boston en route. From New York, where it is due June 2, it will begin an international cruise.

But the task of applying a special sealant inside tank No. 3, in an especially critical area directly over the six huge, hot jet engines, has proved too difficult to master immediately, Ascani said.

Delta Roads Get \$220,470

The State Highway Department has begun the distribution of first quarter motor vehicle highway fund collections to counties and cities in Michigan, including \$220,470 to the Delta County Road Commission.

Net receipts for the highway fund for the first three months of this year totaled more than \$90 million, an increase of about \$4 1/2 million over a year ago. All state gasoline, diesel fuel taxes, and license plate fees go to the motor vehicle highway fund.

Under the distribution formula 47 per cent goes to the State Highway Department, 35 per cent to the state's 83 counties, and 18 per cent to the cities and villages.

Under this formula, counties in this area will receive: Delta \$220,470, Dickinson \$167,603, Luce \$95,764, Mackinac \$133,500, Menominee \$228,201, Schoolcraft \$107,378.

The amounts to cities and villages of this area: Escanaba \$49,862, Daggett \$2,630, Garden \$1,996, Gladstone \$20,524, St. Ignace \$13,065, Stephenson \$4,911, Powers \$2,634, Manistique \$14,939, Menominee \$37,627.

Manistique Youth Injured By Auto

MANISTIQUE — Roy Burns, 7, son of Mr. and Mrs. John Burns, of Tannery Road, was treated at Schoolcraft Memorial Hospital for injuries suffered when he was struck by a car Sunday at 2 p.m.

State police said a car driven by Henry Cota, 29, of Manistique backed into the boy as he was walking behind the car. Cota was leaving his home and was called back for a telephone call and was backing into the driveway.

The boy was released from the hospital Sunday night.

Briefly Told

Local 110, Pulp and Sulphite and Paper Mill Workers will hold a monthly meeting at the V.F.W. Hall Wednesday at 7:30 p.m.

A reunion planning meeting of Escanaba High School class of 1949 will be held at 7:30 p.m. today at Peterson's Shoe Store.

The Michigan State Board of Registration for Foresters meeting at Gaylord recently registered four foresters, Robert E. Schmeling, manager of Woodlands of Escanaba Division of Mead Corp. is a member of the board.

Hiawatha Lodge will hold a regular meeting at the Eagles Clubrooms at 7:30 p.m. Tuesday. Hostesses will be Phyllis Bowden and Hilda Preister.

Obituary

RONALD LACASSE
Funeral services for Ronald Lacasse of Hermansville Rte. 1 were held Saturday at 2 p.m. at the Kell-Tondin Chapel in Spalding. The Rev. James Lumsden of Hermansville Methodist Church officiated. Burial was in Meyer Township Cemetery. Pallbearers were David and Simon Sawson, Alex Rochon, Harry Paquin and George and Joseph Urlick.

Delta Demos Vote May 13

Delta County Democrats will convene in county convention at 8 p.m. Wednesday in the Escanaba Chamber of Commerce Building to pass resolutions and to elect 11 delegates to the Michigan Democratic Party Convention at Lansing June 13.

Mrs. John (Esther) Meier of Escanaba is acting chairman of the county committee since the resignation of James Chapekis and she will open the convention, which will elect chairman. All party members are invited.

Hyde Resident, Mrs. Neumann, 75, Taken By Death

Mrs. Richard (Margaret) Neumann, 75, of Hyde died Saturday at 5 p.m. at Pine Haven Nursing Home, Gladstone, after a month's illness.

Complete services were held at 10:30 a.m. today at the Alto Funeral Home chapel with the Rev. Gordon Thorpe of Immanuel Lutheran Church officiating. Burial was in Gardens of Rest Cemetery.

Mrs. Neumann was born in Germany July 24, 1888, and came to this country in 1924. She had resided in the Escanaba district since that year.

She was a member of Salem Lutheran Church at Hyde and, the past year, a member of Immanuel Lutheran parish, Escanaba.

She is survived by her husband, one son, Verner and one daughter, Mrs. Edward (Hildegard) Kositzky, both of Escanaba, a sister, Miss Charlotte Kolieng and a brother, Emil Kolieng, Chicago, and four grandchildren.

Mrs. May Oliver Dies In Alma

Word was received here of the death Sunday of Mrs. May Oliver at the Masonic Home in Alma.

Arrangements for services are not yet known. Mrs. Oliver, who was the widow of David A. (Sandy) Oliver lived in Escanaba for many years. The family home was at 721 5th Ave. S.

She was a life member of R. C. Hatheway Chapter 49, Order of the Eastern Star.

CATTLE COUNT
India, with an estimated 235 million head of cattle and buffalo, ranks first in world cattle numbers; the U.S., with 103.8 million head ranks second.

MRS. FRED LANCOUR of Ford River was honored Saturday by the Escanaba Exchange Club as Mother of the Year. She is pictured here being presented with a wrist watch by Ben Johns of the Exchange Club. Her husband Fred, at right, looks on. Mrs. Lancour is the mother of two teenage children and has taken care of nearly 20 underprivileged children. She is also active in many civic and religious affairs. (Daily Press Photo)

Public Invited To Visit Co. E

With the annual observance of Armed Forces Week, Company E has extended an invitation to the general public to attend its Tuesday night inspection and training period. Also on this Tuesday Company E will hold its annual Fifth Army general inspection.

This is the one time during the guard training year when all phases of armory training, equipment, administration procedures, and military techniques are judged, inspected and evaluated by regular army personnel.

The inspection will start with men in ranks at 7:30 p.m. with inspecting officers Lt. Col. Royce L. Lain, from Fifth Army Headquarters, Chicago; Lt. Col. Austin Linberg, commander of the 107th Engineers, Ishpeming; and Capt. Thomas Kaine, Fifth Army advisor, Ishpeming. An officer from the 46th Infantry Division, Lansing, will also be present.

Capt. George C. Anderson said all parents of new guardsmen are invited to attend, to observe their son's present type of military training. Company E has now a total of 80 men, with over 20-five of these men new to the bridge company. Many parents have expressed a desire to attend a training assembly to observe the instruction and technical training given.

Capt. Anderson said the men should be complimented on their recent success of the recruiting drive. With a total of 80 men, Company E has reached its goal, has increased its capabilities, and has opened up more higher paid vacancies within the unit. Young men still can be enlisted to leave in July with the bridge company for two weeks training.

Recent enlistees are Stephen Culcher, a guard veteran; Samuel Combs, Gladstone; Darrell Valiquette and Gerald Groos of Route 1, Gladstone; Dennis Slaga and William Lantagne of Route 1, Escanaba; and Gerald DeGrand and Lawrence Berquist, Escanaba.

Injury May Cost Worker His Eye

NEWBERRY — Lawrence (Larry) Rubick, of Newberry was flown to Marquette Saturday by Ray Knauf for treatment of severe right eye injuries suffered Thursday received while working for the Conservation Department.

Rubick was operating equipment for the department when the limb of a tree backlashed and struck him in the head. His brother, Sylvester, of Manistique said he might lose the eye. He is in Room 207, St. Luke's Hospital in Marquette.

Windows Blasted At Press Room In Laurel, Miss.

LAUREL, Miss. (AP) — The Laurel Leader-Call planned to publish on schedule today although all 65 windows in the press room were blown out by a mysterious explosion Sunday.

The 36-page press of the afternoon daily was not damaged. No one was in the building.

"I don't know why we were hit," said J. D. West, editor and publisher, who estimated damage at \$2,000. "We haven't taken any recent editorial stands that would be called controversial. The city of Laurel has been quiet of any racial troubles. No one has been fired recently. I can't imagine why anyone would want to do this to us."

Romney Tours U.P. This Week

HOUGHTON — Governor George Romney will head a party of 40 state leaders and newsmen on a tour of Michigan Tech, the White Pine Copper mine and the Huss-Ontonagon paper mill Thursday and Friday, May 14 and 15.

The tour is part of a "preview of Michigan Week" designed to show national and state newsmen some of the reasons behind the state's economic growth. Michigan Week begins May 18.

Governor Romney and his party will arrive in Houghton by plane at 9 a.m. Friday and will be taken to the Benedict Laboratory for minerals research on the Tech campus. There they will see experimental work in pelletizing of high concentrate iron ore and copper flotation.

The Romney party will visit the Huss-Ontonagon paper mill late Thursday and will tour the White Pine mine prior to arriving at Tech.

PARKA FURS

Eskimo parkas are largely trimmed with wolverine fur because any ordinary fur will freeze to the face and wrists under conditions of extreme cold, but wolverine fur remains unchanged.

'Stique Ferry Dock Damaged

MANISTIQUE — No. 5 Carferry of the Ann Arbor Railroad was loaded in Manistique at 2 p.m. Sunday after temporary repairs were made to the carferry dock which had been extensively wind damaged Saturday night.

The vessel was locked in the carferry dock when a heavy wind caused it to move and it pulled the dock with it. The gallow frames were extensively damaged and the apron dropped into the water.

A railroad engine was used

Saturday to lift the apron. The apron is held up by two gallow frames, one on each side and one of them was extensively damaged and will probably have to be rebuilt.

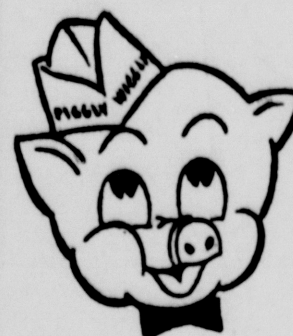

Damage will total thousands of dollars.

The carferry dock has been operating in Manistique for more than 60 years and has been repaired periodically.

COVERS RESIGNATION

HENDERSON, Ky. (AP) — Patrolman Alexander Adams Jr. "covered" his own resignation from the police force.

He submitted the resignation to the City Commission then wrote the story for his new employer, the Evansville, Ind., Courier.

ANSWERS YOUR INSURANCE QUESTIONS

QUESTION: My sister-in-law had a valuable watch stolen while she was on a vacation trip. She had no insurance but we have a residence theft policy and I wondered if it would cover a situation like that if I had my watch stolen?

ANSWER: Yes, under terms of a theft policy which covers loss of personal property while away from home, the insurance company would pay for loss of the watch as you describe it.

This public service is our way of advertising. Your insurance questions will be answered without charge or obligation if you'll send or bring them to:

Gerry LaFleur Is New Queen

Lovely Geraldine Lee LaFleur, 19-year-old daughter of Mr. and Mrs. Lionel LaFleur, Rte. 1 Escanaba, was crowned Miss Delta County of 1964 in ceremonies Saturday at the William Bonifas Memorial Auditorium.

Miss LaFleur was chosen from a field of 10 finalists and the acclaim of the audience endorsed the judge's decision. Through tears of joy, Queen Geraldine announced she would do her very best to represent Delta County in Muskegon at the Miss Michigan Pageant.

First runner-up in the contest was Marlene Nelson, a bright-eyed senior at Holy Name High School. The daughter of Mr. and Mrs. Leonard Nelson showed exceptional talent with a dramatic reading of excerpts from "White Cliffs."

Third place winner was Mary Ann Schleicher, 18-year-old daughter of Mr. and Mrs. Gerald Schleicher, 409 S. 14th St. Mary Ann delighted everyone present with a humorous monologue portraying an old maid school teacher taking small pupils on a field trip.

Miss Congeniality
Miss Congeniality, selected by the candidates themselves, was Camille Chase, 18, daughter of Mr. and Mrs. Durward Chase, Bark River Rte. 2. Miss Chase is a senior at Bark River-Harris High School.

The new queen is a senior at Holy Name High School, is vice-president of the student council, vice-president of the senior class, a member of the National Honor Society, the Math Club, Glee Club and Legion of Mary. She is 5 feet 5 1/2 inches tall, weighs 110 pounds and has blue eyes and light brown hair.

In the evening gown competition Miss LaFleur wore a white lace sleeveless gown with a controlled floor length skirt and a boat neckline, that dipped lower in back. For the talent portion of the competition she modeled a white cocktail sleeveless sheath. It was worn first with a Chanel jacket and then with an orange organza overskirt.

The final part of the com-

petition was questions and answers. This year the finalists were given two words and were asked to select one and tell why a queen must possess this quality. Miss LaFleur chose temperance and said, "Moderation in everything we do is important . . . not too much or not too little."

Scholarship Given
The new queen will receive a \$200 scholarship from local young businessmen to the college of her choice. She plans to attend Mount Mary College in Milwaukee. Her wardrobe for the Miss Michigan Pageant will also be furnished by local merchants. She will receive an evening gown, bathing suit, shoes, hat, purse, gloves, a dress and a sports ensemble.

Miss Nelson as first runner-up received a silver charm bracelet and a \$100 scholarship to Bay de Noc Community College presented by August Janke for Ely's Potato Chips.

Miss Schleicher, second runner-up, received a \$100 scholarship to the college of her choice, presented by various local patrons.

The Miss Delta County Pageant was directed by Gordon H. Flath, this year's theme was "You Stepped Out Of A Dream." Stage decorations presented a dream fantasy with ostrich feathers and silver and gold balls.

Robert Anderson was chairman of the affair, sponsored annually by the Escanaba Jaycees. Program coordinators were Mesdames Elmer Bonifas, who is the queen's official chaperone, Robert Anderson, Robert Appel and Karl Gray with Misses Judi Jensen and Jeanine Lippold.

Little Sue Ellen Hurley, daughter of Mr. and Mrs. Edward Hurley was crown bearer. Sandra Rahoi, 1963 Miss Delta County, crowned the new queen and prior to the coronation thanked the persons who made her reign possible.

The judges were Mrs. Martha Laurion, of the speech and drama department at Northern Michigan University; Mr. and Mrs. Ward Alquist and Richard Meyers of Iron Mountain and Mrs. Marilyn Olson of Gladstone.

Robert Schrader entertained by singing "If You Are But A Dream" and "Miss America."

GERALDINE LEE LaFLEUR was crowned Saturday night as the new Miss Delta County. Marlene Nelson, left, was first runner up and Mary Ann Schleicher was second runner-up. Miss LaFleur is a senior at Holy Name High School and plans to attend Mount Mary College in Milwaukee. She is the daughter of Mr. and Mrs. Lionel LaFleur of Rte. 1, Escanaba. (Daily Press Photo)

Briefly Told

The Delta County Democratic Women's Club will meet tonight at 8 in the Escanaba Chamber of Commerce Building. The card party and medice will be discussed and coffee will be served.

The regular meeting of the Escanaba Aqua-Nuts Water Ski Club will be held Tuesday evening, May 12, at the John Lemmer School at 7:30. All those desiring membership should attend.

Escanaba police have issued traffic court tickets to John M. Whitney, 323 N. 17th St., speeding; Carol M. Clifton, 205 N. 20th St., improper starting; William S. Morin, Munising Rte. 1, expired operator's license; Daniel L. Demeuse, Rock Rte. 1, defective exhaust system; Robert J. Levesque, Chicago, failing to yield the right of way; Grace G. Boucher, Willow Creek Road, improper turn and failing to yield the right of way; Vivian M. Germain, 601 N. 23rd St., failing to yield the right of way; John J. Lasnoski, 805 Minnesota Ave., Gladstone, improper lane usage.

WHALE OIL USES
One of the principal present uses of whale oil is as an ingredient in oleomargarine. It also is used in soapmaking, for lubricating, for leather dressing and in the manufacture of glycerine for explosives.

Now Many Wear FALSE TEETH With More Comfort
FASTTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTTEETH on your plates. No gummy, goopy, pasty taste or feeling. Checks "plate odor" (denture breath). Get FASTTEETH at any drug counter.

Youth Admits Theft, Assault

An early Sunday morning car theft in Escanaba and an assault on a 14-year-old girl in Gladstone resulted in the apprehension of a 16-year-old Escanaba youth, who State Police said admitted both alleged offenses.

State Police said that the youth took the car, owned by William Houle, 1204 12th Ave. S., from the Houle home around 2:30 a.m. Sunday and drove it to Gladstone. He parked the car and went into the girl's home through an unlocked back door about 3 a.m.

The youth told State Police that he looked around the house, went upstairs and found the girl's room. He took a bottle filled with colored water and struck her over the head, shattering the bottle.

He then left the house and took the car back to Escanaba. The girl's sisters in the next room were awakened by the disturbance and found the girl in a dazed state with lacerations on her head. According to State Police the boy said he was only slightly acquainted with the girl. He admitted the theft and assault, but gave no motive.

The youth abandoned the car in the same neighborhood where he had stolen it. He then returned to his home and went to bed.

Escanaba City Police, who investigated the theft, found the car and linked it with the Gladstone assault by blood found on the keys and steering wheel.

The youth was taken into custody following investigation on Sunday morning and is being held for juvenile authorities today.

Escanaba police, Gladstone police and State Police cooperated in the investigation and apprehension of the youth.

Judges Praise Jr. Musicians

The Escanaba Area Junior High School brought the Area School music festival commitments to a successful conclusion Saturday, May 9, at the annual Upper Peninsula School Music Association-sponsored Junior High Festival.

The Junior High Concert Band under the direction of David Lasko received a division I rating from Festival adjudicators. The comment was made about the band's excellence, balance and their performance of music far above normal Junior High standards.

The Junior High School Orchestra directed by Mrs. Clara Embs received a Division I rating also. Dr. Eric Shaar, Northern Michigan University string instructor, commented on the fine bowing technique and the professional tone quality.

The day was also spent in a solo and ensemble festival with a number of students from the Junior High participating. Receiving Division I ratings were Joan Bright, piano; Stephen Jermu, piano; Clarinet Choir and Madrigal Singers. Those receiving Division II ratings were Barbara Hanneman, French horn; Susan Fletcher, piano; and Kathleen Wallace, violin.

The students were accompanied to Marquette by the directors and a group of interested parents.

"You know a good doctor for this?"

It's a question we answer all the time. Sometimes it's some one new in the neighborhood. Sometimes it's an old friend who just doesn't happen to have a family physician. The boy sprains an ankle . . . the baby runs a temperature . . . Grandma has a bad cough. Troubled people often turn to us for help, and rightly so. We work closely with physicians, providing the medicines they prescribe and use in their offices. We know who they are, their specialties, their office hours. In an emergency we're good people to ask. And we're always happy to be of service to our friends and patrons.

IN RECOGNITION OF LIFE INSURANCE WEEK IN MICHIGAN May 10-16

In recognition of the significant contributions made by the Life Insurance Industry of America towards the strengthening of family, business and national economic security, we of the First National Bank praise and hold in high esteem the individual life insurance representatives of Delta County.

FIRST NATIONAL BANK
Escanaba, Michigan

ESCANABA DAILY PRESS

Established March 19, 1906

RALPH S. KAZIATEK, Manager JEAN WORTH, Editor

Life Insurance Week

When this century was young the life insurance agent was a rather apologetic fellow who tried to get the breadwinner of the family to take out a modest insurance policy on his life, so his wife wouldn't have to pass a subscription paper to bury him before she changed her career from housewife to washwoman.

There were many little liner items like the following one in the newspapers of the time:

"George Jorgenson died Tuesday as result of drinking too much cold water on a hot day. He was a member of the Maccabees and was insured for \$1,000."

There've been lots of changes since then. Life insurance is now an important part of our national security structure. In Delta County alone there are about 60 persons selling life insurance. There have never been as many engaged in this work before; there has never been as much life coverage as there is today.

This week, May 10-16, is Life Insurance Week and an occasion to remind the public of the contribution which the insurance industry makes to our personal, family, and national security.

The chief reason for owning life insurance still is "support for dependants" in event of the death of the family breadwinner. An Institute of Life Insurance survey shows that 85 per cent of persons who buy life insurance buy it for this reason.

But there are many other reasons and some of them increase in importance, like the need for extra income to provide higher education for children.

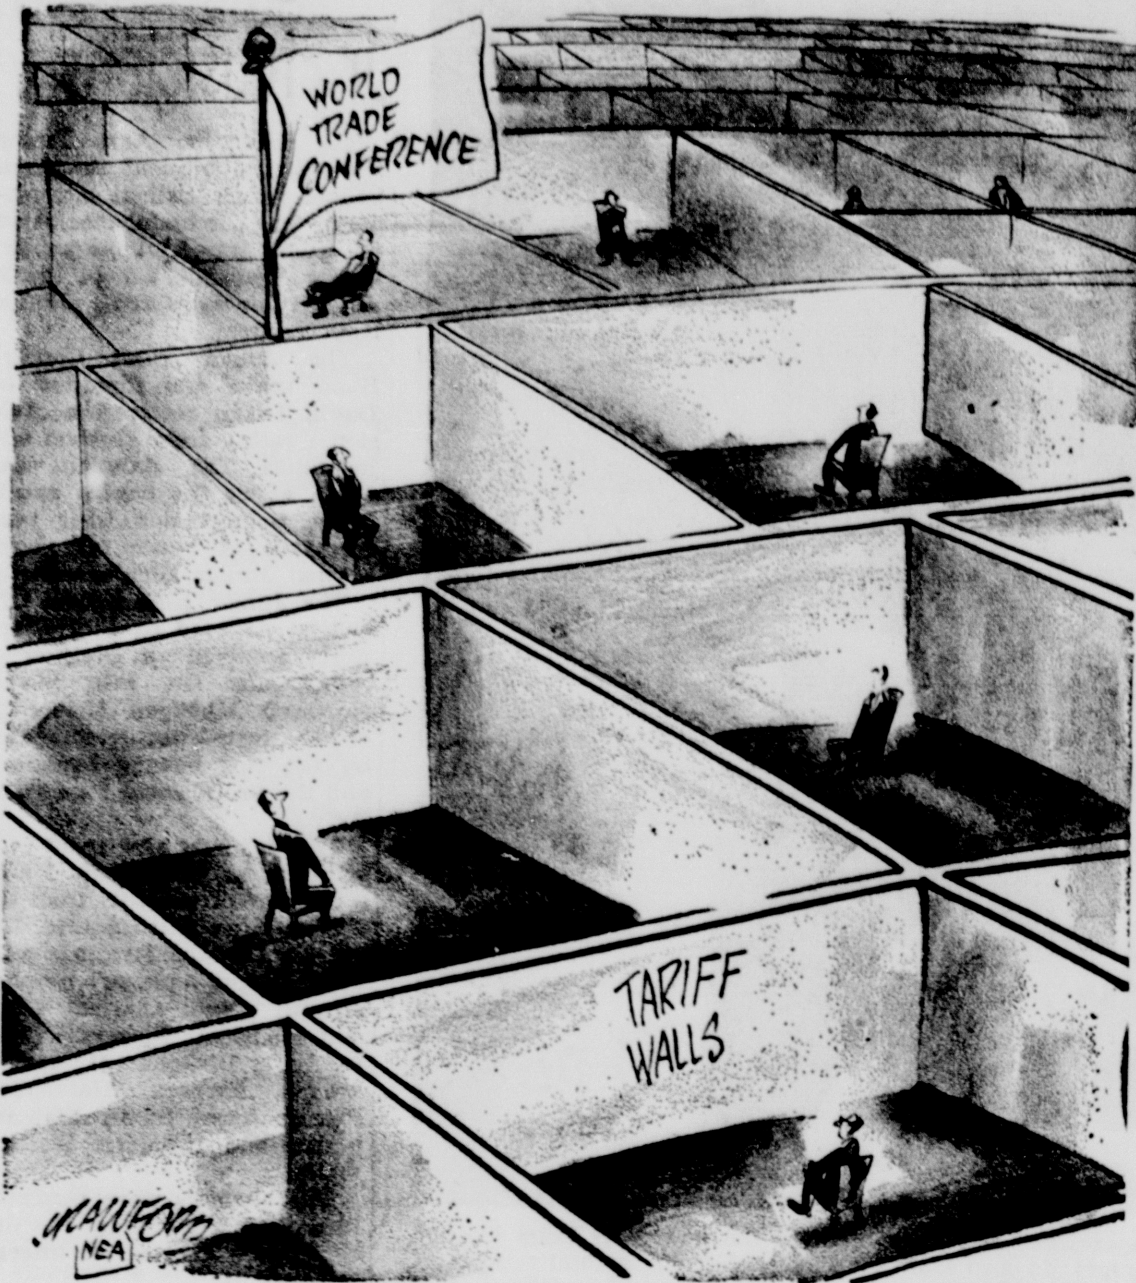

After support of dependants, the most important reasons for buying insurance are, in order: payment of debts; retirement income, savings, education of children and mortgage repayment.

The stability of thousands of businesses rests upon insurance, which provides the interim means of readjustment in event of the death of the owner or manager of a business.

The increase of life insurance coverage in the period in which the nation has taken social security to its bosom is significant, and also wholesome. It reveals that Americans still regard provision for their family security as a personal obligation and do not surrender it all to the government's security program.

Many personal estates have insurance as their biggest asset. The growth of this wealth in America is one of the best elements of the national affluence. There's a whisper that the husbands work so hard to pay the premiums that they're filling the country with rich widows, but this charge doesn't stand up under inspection because even the wives of uninsured husbands live longer in America, although not so happily nor abundantly.

"The Meeting Will Please Come to Order--"

Washington Comment

By BRUCE BLOSSAT

WASHINGTON — (NEA) — Editors polled across the country choose Richard M. Nixon by a wide margin as the likely winner of the 1964 Republican presidential nomination at San Francisco.

This is the verdict drawn from a poll taken by Newspaper Enterprise Association among its many hundreds of client newspapers.

More than 300 editors in every state but Mississippi responded to a broad series of questions bearing upon the 1964 GOP race.

Among editors who joined in the survey, 133 or 44.2 per cent believe Nixon will win the nomination as he did four years ago.

Seventy editors, or 23.3 per cent, label Ambassador Henry Cabot Lodge the probable nominee in their place is Pennsylvania's Governor William Scranton, who is rated the winner by 48 editors, almost 16 per cent of those answering.

Arizona's Sen. Barry Goldwater, the current GOP front

runner, with a presently estimated convention delegate total of 500 out of a needed 655, stands fourth in the editors' judgment. Just 40 of the more than 300 respondents—13.3 per cent—think Barry will wind up with the nomination.

The most devastating verdict of all is reserved for New York Gov. Nelson Rockefeller. Only four editors, a bare 1.3 per cent, expect him to emerge on top at San Francisco.

Scranton, third highest in the presidential sweepstakes, is the editors' clear choice as the Republican party's probable vice presidential nominee for 1964. He received the vote of 86 editors—28.6 per cent of the total responding to the poll.

Fifty-one editors think Lodge will repeat his 1960 role as running mate. 44 give the palm to Kentucky's Sen. Thurston Morton 31 voted for Goldwater and 27 for Nixon. A considerable number, 14 per cent, offer no opinion on the vice presidency.

Greatest responses to the poll were from the Midwest, whose editors supplied 33 per cent of the total. The South contributed 20 per cent of the replies.

Top-rated Nixon draws most of his support from the Midwest (46 editors) and South (29), with sizable backing showing up in the Plains states. The editors who mark Lodge the winner for the No. 1 spot are rather well sprinkled about the nation. Scranton draws half of his third place status from the Midwest.

Almost three-quarters of the responding editors say their newspapers have not and will not endorse any candidate for the nomination. Most of these never do. Some 20 editors say their papers usually do endorse but will not this time.

Of the editors whose newspapers either have endorsed or may do so, 42 per cent have given their approval to Barry Goldwater. No other candidate has more than a mere handful of endorsements. The endorsing list includes 10 newspapers which usually do not make a choice at this stage.

Curiously, about one-third of the editors whose papers have endorsed Goldwater think Nixon, Lodge or Scranton will turn out to be the actual nominee.

Only a few editors volunteer any comment as to why they believe Nixon will be the winner. Some, however, explain why they think the most active bidders—Goldwater and Rockefeller—won't make it.

E. J. Van Nostrand, publisher and editor of the Creston (Iowa) News Advertiser, perhaps speaks for many when he says:

"Senator Goldwater and Governor Rockefeller, after sizeable starts, do not seem to attract a 'get through' feeling. (They) don't seem to hit."

Press Seeking Ore Haul Photos For Centennial

The Escanaba Daily Press is seeking pictures of ore transportation for its Ore Centennial issue of July 11, to be published in connection with Escanaba's celebration of the 100th year of ore shipment from the Port of Escanaba.

The Press has the largest single collection of pictures on this general subject and will use it liberally in the special edition now in preparation, but it is mindful that there are in private collections some pictures with special quality and interest which would enhance the edition commemorating the Centennial.

The Press would appreciate loan of such pictures. It cannot make use of all available but would make a selection from them. Specially sought are pictures which show the earlier years of the ore haul, which started in 1864, and which show train and dock activities in the historic traffic which first moved ore from the Jackson Mine at Negaunee to Lower Lake ports in sailing vessels.

Address inquiries: Editor, Escanaba Press, Escanaba.

Top Delta 4-H Awardists Named For State Test

Four Delta County 4-H members were selected by the Upper Peninsula 4-H Awards Committee as top U. P. 4-H members in their various project fields.

Helen Knaus, Cornell, was a district winner in the food preservation program; Sue Sundberg, Ensign, in home improvement; Cynthia Safford, Ensign, in entomology and Corinne LaMarche, Danforth, in beef.

Betty Lou Thompson and John Falkeis, Cornell, were alternates in the home improvement and field crops projects.

These members will represent Delta County and the Upper Peninsula at the 4-H State Show at East Lansing, Aug. 31-Sept. 3 when they will compete with other Michigan 4-H members to determine a state winner.

Victor A. Knox, Member of Congress

FLYING REACTION

COLUMBUS, Ohio (AP)—Ohio State University has been using an altitude chamber to study reactions of physically impaired persons to flying. The idea is to assist design engineers in providing safe air travel for all.

Dr. Frederick H. Shillito, project senior investigator, said 12 to 20 volunteers—victims of pulmonary disorders—tolerated exposure to altitude without appreciable discomfort or undesirable reactions. The remaining eight were in discomfort or had unfavorable reactions.

Congress Report

On April 22, The House Judiciary Committee began its long-awaited hearings on proposed Constitutional amendments to allow prayers in schools and other public places.

The Judiciary Committee is faced with arduous and complicated work in the weeks ahead. It is my hope that the Committee will be able to arrive at a solution which will permit appropriate religious exercises for most Americans, while at the same time protect the religious freedom of every citizen and preserve the separation of church and state.

ON APRIL 22, the House unanimously passed the Defense Department Appropriation Bill for fiscal year 1965. This appropriation is by far the largest in the budget, and as passed by the House totaled nearly \$46.8 billion. This was more than \$460 million less than last year, and over \$711 million below budget estimates, and greatly reduced in the categories of weapons procurement and research, development and testing of new systems. In procurement, the slash totaled nearly \$2.3 billion, or almost 15 per cent.

During debate, it was pointed out that despite much ado over the A-11 (for which no discernible mission can be found), there has been no new major weapons system developed in the past three years.

There is growing concern that perhaps we are placing too much reliance on present missile systems and failings to adequately develop new manned bomber systems, space defense capabilities, or sufficient flexibility to meet new and different challenges and technological change. Nor have we developed an anti-missile defense system despite scrapping one that held real promise of success.

DURING THE past month more petitions, letters and other communications came into my office in support of H.R. 9501, the bill I introduced last December relative to eliminating tolls on the Mackinac Bridge. Over 5,000 persons from all parts of Michigan and out-of-state as well have sent communications to my office and many more have petitioned other Michigan congressmen and senators. Despite the overwhelming evidence of support from Michigan citizens, our senators and congressmen-at-large Staebler have still not swung their support behind the measure.

Foot-dragging and pessimistic statements by these and other officials do not enhance chances for adoption of the bill. Chances of passage would be measurably improved if these officials would heed the call of their constituents and actively aid in urging removal of this barrier to the economic progress of all Northern Michigan. I shall bring all communications I receive to the attention of the House Public Works Committee and continue my campaign for passage of the bill.

Victor A. Knox, Member of Congress

The combination open house-dedication at Twin Lakes State

Dear Ann Landers: In my youth I was a homosexual. After many years of intensive psychiatric therapy (which began when I was 14) I was able to enter into a proper relationship with a woman.

I am now happily married and the father of two delightful children. Recently a family moved next door. Their only son is eight years old—an intelligent, sweet little boy who reminds me a great deal of myself when I was his age. I see in his family an amazing number of parallels to my own childhood and it is becoming difficult for me to remain silent.

His mother does not permit him to play with other boys because they are "too rough." He plays with dolls and likes to sew. He is shy, frightened and his mannerisms are disturbingly girlish.

My wife and I have hinted broadly but the boy's mother doesn't understand and his father doesn't want to be bothered.

Every time I see this boy my heart sinks. I want so much to spare him the agonies of the life I know so well. Shall I risk making enemies of the boy's parents by telling them what I know? Or should I say nothing and watch this child become what I was?—OVERWROUGHT BYSTANDER

Dear Bystander: I say go ahead and try. If you can get through to the parents, the rewards will be enormous. If you fail in your efforts you will have incurred the animosity of the neighbors forever. But it's worth the gamble because you will have salvaged the boy.

Dear Ann Landers: A middle-aged secretary in our office refuses to wear foundation garments. This is very embarrassing to the rest of us women. When she sashays over to the water cooler or to the file cabinet the men's eyes follow her every step of the way. It is disgusting. They whisper crude remarks and giggle among themselves. If this woman knew what her male colleagues were saying she'd die of humiliation.

Confidential to TIRED OF FORKING OVER: Your sister is having a difficult time and you should do whatever you can to help. For the sake of her youngsters continue to contribute, and be thankful that no one is soliciting the family for YOUR children.

Ann Landers' frank and informative new book, "Teen-Agers And Sex" (\$2.95), is now available at your book store.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped and self-addressed envelope.

Six U.P. Parks Plan Reception

Six Upper Peninsula state parks will hold either an open house or a combination open house-dedication this spring and early summer in which the public is invited to attend, says Grant Wykhuis, regional park manager of the Department of Conservation, Marquette.

The affair will show what the parks have to offer in picnic and camping facilities, boating, swimming, new buildings, etc. In the past three years, since the vehicle permit has been in effect, the Department of Conservation has had authority under a bonding program to spend up to a total of \$10 million on park improvements and park land acquisition. Parks people in the Upper Peninsula are ready to show the public what has been accomplished in the U.P. Guided park tours will be offered. No vehicle admission charge will be made on these days.

John W. Wells State Park in Menominee County in Green Bay, will hold its open house Sunday, May 17, from 1 to 5, according to Park Manager Art Lauren.

McLain State Park, west of Hancock on the shore of Lake Superior, will hold its open house Sunday, May 24 from noon to 6, according to Park Manager Joe Halverson.

Student At Tech Has Fatal Fall

HOUGHTON (AP)—Richard Bilz, 20, of Spring Lake, was injured fatally Saturday night in a fall from a third floor balcony at the Phi Kappa Tau fraternity house at Michigan Technological University. Companions said Bilz often walked to the balcony when he had difficulty sleeping nights.

More people get more news from newspapers than from all other sources combined.

The Doctor Says:

Baby Care Has Changed

By Dr. Wayne G. Brandstad.

A grandmother is confused and worried about some of the things her daughter-in-law is doing with the new baby—despite the blessings of the pediatrician.

For example, the baby was exposed to flash bulbs when it was only a few days old. Also, the little one was exposed to loud talking, laughter, radio and television noise while sleeping. The baby is not fed according to any set schedule and solid foods were started when the child was only 3 months old.

The grandparent hesitated to interfere for fear of antagonizing her daughter-in-law but she was plainly worried. Well, she can set her mind at ease. There have been many changes in infant care in the last 20 or 30 years.

Flash bulbs do not harm when held at least 10 feet away from the baby. If the baby is not looking directly at the bulb when it flashes the danger is lessened even further.

Babies are frightened by a sudden loud noise, but normal household noises will not disturb them if they are allowed to get used to them early in life. Babies love to sleep, and once they have fallen into a sound sleep, even a clap of thunder may not awaken them. If it is true that the sounds one hears during sleep are stored away in the subconscious,

nothing could be better for your sleeping beauty than to be exposed to the sound of music and laughter.

The new style in feeding is called "demand feeding." It makes a lot more sense than the old rigid schedules. It is more relaxing for the mother—and baby, too.

Many pediatricians now recommend giving cereal and strained baby foods in the baby's fourth or fifth month and egg yolk a month later. Sometimes to get the baby used to the taste of a new food (vegetable, fruit or meat) a few teaspoons of clear juice or broth is given for several days before solid food is offered.

The proof of the method is the result. If this woman's grandchild is reasonably happy most of the time and is gaining weight, she has nothing to worry about.

BARBS

By HAL COCHRAN

Why don't men keep on flattering after they are married?

We predict that the bathing girls will look as pretty as ever come summer and that men will just look

Every year when the fish really begin to strike we'd like to.

Trenary

First Communion

The class of St. Rita's church, Trenary, will receive First Communion on Mother's Day, Sunday, May 10. The class consists of Jon Rodney Bartol, Michael Harry Begovac, Elaine Ann Brisson, George Sherman Brisson, Kim Marie Chartier, Melonie Frances Dhondt, Stephen Ikkala, Theresa Laurine Kaz, Charles J. John Little, Christine Marie Nelson, Joseph Otto Niemi, Kevin Michael Viaw, Russell Viaw and Terry Viaw. The Pastor is Rev. A. Hasenberg.

Rabies Clinic

A rabies animal clinic was held today from 10 a.m. to noon at the Town Hall.

The First Lutheran Ladies Guild will meet Monday, May 11, at 8 p.m. and the Senior choir will rehearse at 7:15 p.m. 1880.

Peninsula Park Improvements In Full Swing Now

Spring activities in the Upper Peninsula State Parks have started reports Leonard Bierlein, Sr., assistant regional parks manager, Department of Conservation, Marquette.

Four hundred new picnic tables are near completion. Two hundred were built at Baraga State Park and 200 more at Tahquamenon Falls State Park. Parks receiving new tables are Baraga, McLain, Van Riper, Brimley, Muskallonge Lake and Tahquamenon Falls.

Garage and workshop have been getting attention. Minor improvement in tool cribs and workshops were made at Lake Gogebic, McLain, Van Riper, Straits and Wells State Parks. Work continues on at Fort Wilkins State Park to complete the interior of their new garage, office, and workshop building. At Straits State Park, a small building was moved from the campground to the headquarters area to provide more storage space.

At Van Riper State Park, the bulk of the new campground electrical system was installed in April. The park crew assisted by a prison camp crew from Camp Baraga also completed cutting 36,850 board feet of pine logs east of Republic. This was to provide material for the department sign and construction program.

At Wells State Park, the staff completed brushing and tree removal on the roads that will expand camping facilities in this park. The brushing and tree removal on the individual lots has not been started. Other minor maintenance work was done at the Outdoor Center, workshop and bathhouse.

A 10 x 20 addition to the park office was completed at Tahquamenon Falls State Park.

Fayette Park

At Fayette Park, restoration work continues. Twenty-eight new windows were completed this past month and included ageing, staining, and glazing. They are now in the process of being installed to replace old rotted frames. Some exploratory work for a well in the campground was done with the help of the Geological Section. So far, this has been unsuccessful in finding water.

Work at Porcupine Mountains State Park evolved around the operation of the ski area.

All permanent state park employees, general foremen, mechanics and carpenters attended a one-day training ses-

somewhat downstream from the Channing School Forest near Channing. It is hoped that the willow plantings will provide some shade to lower the water temperature in this upper part of the Ford River where it meanders through the large beaver meadow.

A work crew will begin a stream improvement project under APW on the West Branch of the West Branch of the Escanaba River, north of Ralph. The project will start at the junction of Swartz Creek but final stream plans are not complete, and it is not known how far down stream the work will be carried.

The work will consist largely of log and stump fish covers and erosion control measures on eroding banks. Presently, the stream has been at a high level as a result of the spring runoff and recent rains. Equipment supplies and material moved into the area starting May 4 and work will commence in the stream channel as soon as water recedes.

Jardis, Pomazal Honored At Tech

HOUGHTON — Terry Jardis of Escanaba is one of 112 students cited at Michigan Tech for achieving a grade point average of 3.50 or better during the winter quarter.

Jardis, a freshman chemical engineering major, is the son of Mr. and Mrs. Stanley Jardis, 317 S. 23rd St., Escanaba. Robert Pomazal of Milwaukee is also one of the honored students. Pomazal, a sophomore mechanical engineering major, is the son of Mr. and Mrs. Jesse Pomazal, 2835 N. 46th St., Milwaukee, formerly of Escanaba.

Trenary

Farewell Party
Joe Kukanich of Kipling, who will be leaving soon for an extended visit to Yugoslavia, was given a farewell party recently by the Traunik Old-Timers Club.

Pfc Irvin Seymore is visiting his mother, Mrs. Maude Seymore, for two weeks. Irvin is stationed at Fort Edgewood, Md.

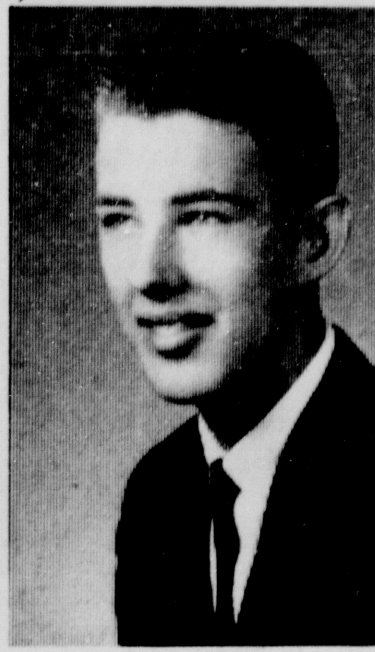

Recent visitors at the home of Mrs. Leina Little were Mr. and Mrs. Roy Whiteside and granddaughter, Melford, Mich., Mrs. Anna Orva and daughter, Sandy and her fiancé, Garland Rain, and Mr. and Mrs. Jack Orva and girls, Excelsor Springs, Mo.

Driver Killed

Mrs. Mabel Hemila, 63, of Ishpeming, was killed Sunday in a collision between her car and another on U.S. 45 about five miles west of Marquette. She was driving alone.

Steve Simonsen

Gary Robbins

LEADERS OF PERKINS High School graduating class of 1964 are Steve Simonsen, valedictorian, and Gary Robbins, salutatorian. Both are entering Michigan Technological University at Houghton this fall. Steve has served as president of the Student Council and class officer, was a member and officer of the Band, prominent in track and basketball, and also active in 4-H, year book preparation and class play. Gary, a class officer and Student Council representative and officer was a member of the basketball and track teams four years, played in the band, served on the annual staff and was in the senior play cast. He also took part in 4-H activities.

Two Soo Ferries Under Tow Sink In Lake Huron

POINTE AUX BARQUES (AP)—After a severe battering in a storm Friday night, two unmanned car ferries, under

tow, sank in Lake Huron Saturday.

The decommissioned ferries James S. Curran and McPhail were being towed to Kingston, Ont. They left service after completion of the International Bridge linking the two Sault Ste. Maries, Mich. and Ont., across the St. Marys River.

SWEEPSTAKES RULES — READ CAREFULLY

Here's all you do to enter:

1. On an official entry blank, or a plain piece of paper, handprint or write clearly your name and address along with the name of your favorite retail store. Mail each entry separately to: SEE-THE-FAIR SWEEPSTAKES, BOX 226, New York, N. Y. 10046.

2. Enter as often as you wish as there will be 5 weekly drawings. Entries received by Monday, May 4, will be eligible for the first drawing and those received by each Monday thereafter, eligible for that week's drawing. The final weekly drawing will include entries postmarked by June 1 and received by June 8, 1964. All entries participating in the weekly drawings are then eligible for the Grand Prize drawing.

3. Each entry must be accompanied by the liners (cork or plastic) from 3 caps from Coke (caps with the Coca-Cola Tower at the World's Fair on top) or by 3 pieces of paper 3" x 5" on which you have drawn "Coca-Cola" in block lettering. (Liners may be detached by inserting small point under edge and lifting). DO NOT MAIL METAL CAPS.

4. Winners will be selected in random drawings conducted by the D. L. Blair Corporation, an independent judging organization. Its decisions with respect to all phases of the sweepstakes will be final. One weekly prize to a family. No substitutions will be made for any prize offered except

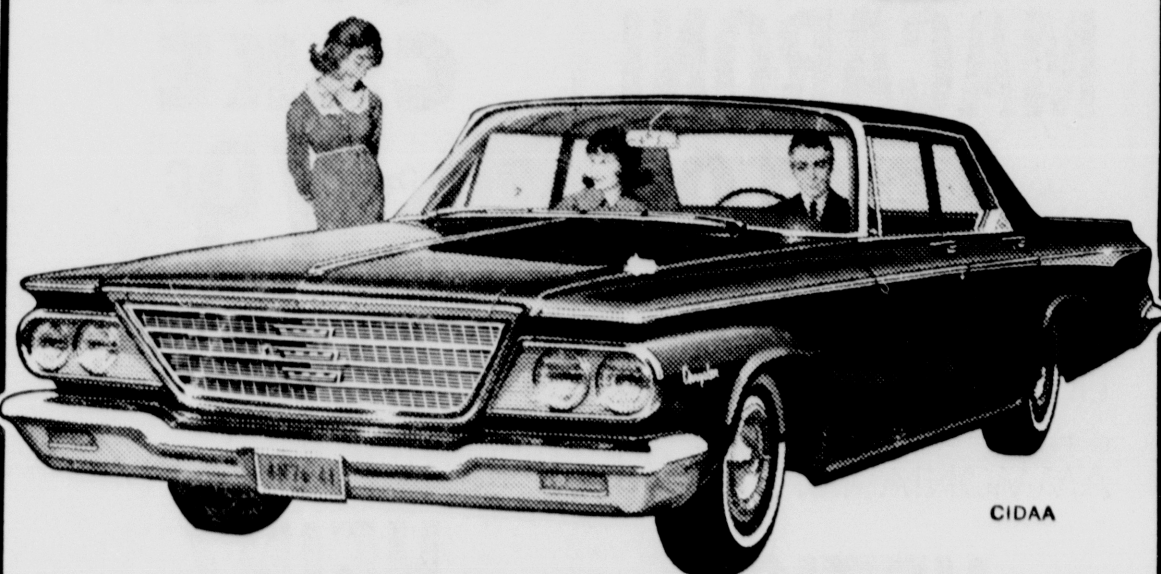

where stated. All entries become the property of The Coca-Cola Company and none will be returned. Family trips are 5 days & 4 nights, for parents and up to 4 dependent children, and must be taken in 1964. 5. Sweepstakes is open to residents of the United States. Not open to employees and their families of The Coca-Cola Company, Coca-Cola Bottlers, the D. L. Blair Corporation and their advertising agencies. Offer void in Alabama, Florida, Wisconsin, and wherever prohibited by law (residents of these areas are eligible to enter a special contest—free entry blanks and rules available where Coca-Cola is sold). Residents of Missouri and North Carolina should disregard requirements of Rule #3 above. 6. Winners will be notified by mail after each drawing. For a list of major prize winners, send separate stamped, self-addressed envelope to: SEE-THE-FAIR SWEEPSTAKES WINNERS' LIST, BOX 97, NEW YORK, N. Y. 10046. Do not send this request with Sweepstakes entry.

Alaskans Erase Disaster Ruins Of Good Friday

EDITOR'S NOTE — Associated Press writer Joe Rigert spent several weeks in Alaska after the March 27 earthquake. He visited areas of major damage and interviewed dozens of officials and citizens. Here is his appraisal of the situation six weeks after the disaster.

By JOE RIGERT

ANCHORAGE, Alaska (AP)—Alaska is rising from the death and destruction of her Good Friday disaster, North America's greatest earthquake.

There are no miracles—only the resolute will of the Alaskan people, their faith in the future, and generous support from fellow Americans.

It is taking time, money and hard work. The people of this state, a pioneering breed familiar with the challenges of a frontier, have bent to the task.

Much of the clean-up has been accomplished. Shattered cities are deeply involved in plans to rebuild and even relocate.

Many businessmen have patched up their shops or moved to new quarters. Skyscrapers Battered

Repairs are being rushed on the lifeline transportation network of ports, highways and the government-owned Alaska Railroad, which link the cities and towns of the south-central Alaska heartland.

Yet the marks of the earthquake and seismic waves remain plainly visible, despite the clean-up and repair.

The two battered skyscrapers, the bulk of the J. C. Penney department store, the sunk-

en 4th Avenue area—all can still be seen at Anchorage, the state's largest city.

Down the Kenai Peninsula, the Seward waterfront remains cluttered with twisted track, scattered railroad engines and blackened oil storage tanks—the only remains of a once-thriving railport industrial center.

Damage 750 Million

And throughout the disaster area, damaged or destroyed buildings still offer mute testimony to the terrible force of nature.

The damage estimated from the March 27 catastrophe continues at \$750 million, a sizeable portion of the \$1.2 billion value of private property in the state. The official Alaska death count has been put at 115.

There has been little actual reconstruction so far—nearly six weeks after the disaster.

It takes time to plan for the rebuilding of cities, even when, as in Alaska now, the planners have been doing months of work in weeks.

Even if the plans were completed and the money available, which is not the case, there would be other obstacles to any immediate start on the Alaskan reconstruction.

The short Alaska construction season does not begin until after the spring thaw this month.

Cities like Anchorage, Seward and Valdez also must await the results of soil tests to determine what can be built, if anything, in areas where geologists have warned of landslide hazards.

Waiting For Thaw

Major rebuilding is being held up in Anchorage until the land

THIS DEPRESSION, now cleared of debris, was part of the major business district in Anchorage, Alaska, until buildings were shattered and sunk by the Good Friday earthquake. This view on Fourth Av. looks toward the Anchorage Westward hotel. (AP Wire-photo)

has thawed and settled. The city fears the thaw may trigger more slides, upset foundations and cause additional damage.

Finally, Alaskans are waiting to see what aid they can expect from the federal government.

This is still the biggest uncertainty, the type and extent of assistance to come from Uncle Sam—the benevolent patron who controlled Alaska until statehood in 1959 and continues to play a dominant role in her development.

The Congress, acting in almost unprecedented speed after the earthquake, voted \$50 million in disaster relief to help repair the utilities, roads and other public facilities.

The Alaska Legislature provided a \$50-million bond issue. Other aid has come from the military, scores of state and federal agencies, private relief organizations, sister cities, labor unions, churches and busi-

nessmen in other states.

But many Alaskan officials, bankers and businessmen say they will need a great deal more from the federal government, particularly for hard-pressed private businesses and homeowners.

The \$50-million bond issue voted by the legislature, says Gov. William A. Egan, is the most this state of 236,000 population can afford.

Egan says he hopes Congress will provide the state with enough budget support to meet anticipated revenue loss and emergency spending caused by the quake.

But the key to future recovery progress, he says, is change in existing law to permit federal agencies to deal adequately with a disaster of the magnitude of the Alaskan experience.

Existing uncertainties fall heavily on homeowners whose houses were destroyed or heavily damaged. For some, life sav-

ings are at stake. How can they afford a double mortgage—one for a new home and the other on the house that was destroyed?

Tax Writeoffs Help

Businessmen express concern about surviving their setbacks. Low-interest federal disaster loans will help some of them. Federal tax writeoffs also will soften the impact.

Bankers report that many of them also are delaying construction plans until they know how much other aid will come from the federal government.

The Army Corps of Engineers is well under way on the restoration of public facilities, a job it says will cost \$92 million.

Water, electricity and other utilities have been restored in most of the disaster area through temporary repairs. Water pipes and even hoses have been placed above ground in many places.

In heavily damaged Valdez, where the utility system was severely ruptured, much of the city still without water and electricity.

The waterfront business-industrial areas of Kodiak and Valdez have been cleared of most of their debris.

The survival of Seward, say officials, has been assured by the federal government's decision to restore Alaska Railroad facilities there rather than move the railroad north to Whittier.

Valdez To Move

Anchorage, Seward, Valdez and Kodiak—which bore the brunt of the earthquake-tidal wave damage—are all looking to urban renewal projects to clear their now-blighted areas and rebuild.

The projects could qualify for 75 per cent federal aid.

Anchorage is considering a \$50-million plan that would transform damaged areas into parks and parking facilities and shift the central business core slightly to the south.

Valdez, where a bulk of the homes and buildings were damaged or destroyed and geologists have warned of an unstable soil foundations, is planning to move the entire town four miles away.

Seward has developed a proposal that would put a park in its low-lying waterfront area and shift its major industrial section across Resurrection Bay to firm ground.

Additional reconstruction may be necessary as a result of a massive tilting of the earth, leaving sunken coastal areas exposed to periodic flooding from high tides.

Poll Shows Many Don't Understand Civil Rights Bill

DETROIT (AP)—One third of the Michigan voters it polled do not understand the civil rights legislation now before Congress, but the majority of others favor it, the Detroit News said Saturday.

The News said 39.8 per cent favor the legislation, 23.9 are opposed, 33.0 per cent do not understand it and the rest are indifferent.

In Michigan presidential voting, President Johnson would defeat segregationist Gov. George C. Wallace of Alabama by 71.9 per cent to 5.4 per cent, the poll said.

IN THE SWIM

DENVER (AP)—For a man who used to be afraid of water and didn't learn to swim until he was middle-aged, Dr. Harry V. Bigelow has come a long way—and swum a long way.

The local osteopath launched a learn-to-swim crash program in 1949 at the Denver Athletic Club swimming pool. "I decided to learn to swim or drown," he recalls. It took him two years before he could swim the length of the pool.

But once past that point he made up for lost time. Swimming for an hour every weekday at noon, he has amassed a total of 2,040 miles in the Athletic Club pool, or more than the distance from Denver to New York. On his semi-annual vacations he goes to Hawaii, Jamaica, Mazatlan, Mexico and Las Vegas to swim, but that doesn't go on his official record.

CODE OF ETHICS

PREAMBLE: The position of the Life Underwriter is unique in that he is the liaison between his client and his company. As a life insurance advisor he owes a high professional duty toward his client, while, at the same time, he also occupies a position of trust and loyalty to his company. Only by observing the highest ethical balance can he avoid any conflict between these two obligations. Therefore:

I BELIEVE IT TO BE MY RESPONSIBILITY

TO hold my business in high esteem and strive to maintain its prestige.
TO keep the needs of my clients always uppermost.
TO respect my client's confidence and hold in trust personal information.

TO render continuous service to my clients and their beneficiaries.
TO employ every proper and legitimate means to persuade my clients to protect insurable obligations; but to rigidly adhere to the observance of the highest standards of business and professional conduct.
TO present accurately, honestly and completely

every fact essential to my clients' decisions.
TO perfect my skill and to add to my knowledge through continuous thought and study.
TO conduct my business on such a high plane that others emulating my example may help the standards of our vocation.

TO keep myself informed with respect to insurance laws and regulations and to observe them in both letter and spirit.
TO respect the prerogatives and cooperate with all others whose services are constructively related to ours in meeting the needs of our clients.

Hearing Month Reminder:

Delta's Deaf Children Get Help With Handicap

MRS. RENE LABRE uses a toy animal to prompt smiles in a class of deaf children. They are, from left, Terry Rappette, 5, Kim Roberts, 4, and Susan Roberts, 3. (Daily Press Photo)

There are 16,000 children in Michigan who are so deaf that they need special help with their education.

The problem of the deaf child is one which strikes parents out of the blue.

The first suspicions that their child has a hearing deficiency come slowly and probably tardily to parents with normal hearing. The suspicion comes much quicker to parents who have hearing problems themselves.

The suspicion is created when the child doesn't respond to loud sounds; when it doesn't respond to its name or directions. There may also be accompanying hints like behavior tantrums or stubbornness.

May is Better Hearing Month and it brings reminder to the public of the great advances made in aid to persons who are deaf or deficient in hearing. In Delta County the activities of the Better Hearing and Speech Society, affiliated with the Michigan Association for Better Hearing, help the cause of hearing.

Hundreds Handicapped

Delta has a population of over 34,000 and about 10 per cent of the people have some degree of hearing loss, so the county has about 3,000 people with some hearing loss. The number with acute loss that requires aid is in the hundreds.

The Better Hearing and Speech Society works to aid

persons from the age of 2 to 80. It has monthly meetings and presents programs on problems of hearing. It keeps abreast of scientific progress on hearing assistance and its membership serves as a volunteer group to all persons in need of hearing help.

The Society has a weekly speech (lip) reading class which meets at the home of Mrs. Rene Labre, 801 Lake Shore Drive, president of the Society. The group has brought in consultants to aid in the public in hearing problems.

"Our main object," said Mrs. Labre "is to provide better communications to the children with hearing deficiencies. Many adults with hearing loss we already have in our membership and of course we welcome others. We welcome anyone who wants aid or who wants to help us give aid to others."

Fear Deaf Child

The oral-deaf room in the John A. Lemmer School taught by Paul Vardigan does an excellent work with deaf children, in the opinion of the Society leaders, but is burdened with too heavy an enrollment. There is need for another classroom and another teacher, and even where the school facilities are complete there is need for family and community cooperation with these children.

The public is often afraid of

it was not that they couldn't understand, but that they couldn't hear.

Today, with hearing screening of school children, this problem has been reduced but not eliminated.

The Society can help parents find hearing evaluation centers, which are lacking in the Upper Peninsula. First the child should be seen by a local ear specialist for examination and possible referral. An audiologist tests hearing and determines what type of hearing loss is present and what the depth of loss is and which ear should be fitted with a hearing aid. They will also recommend the type of hearing aid and the power to be used.

The deaf child is taught simple words by use of toys and pictures and later the printed word. He must accomplish four steps before he really understands a word. He must speech read it, using what hearing he may have; he must associate the word with the correct picture; he must learn to shape and sound the spoken word (which he hears poorly or not at all) and he must be able to speak the word without prompting or association.

Simple Sentences

Single words are soon connected into short sentences and then begin years of repetition, correction, questioning, hammering and molding of speech, language and vocabulary with understandable communications as the goal. The deaf person by following this hard discipline can achieve the communications which come so easily to the person with normal hearing.

"These children have a God-given right to develop their abilities, to take their place in the activities of our hearing world," said Mrs. Labre. "We operate on the theory of 'I can,' instead of 'I can't.' We must not limit the possibilities of these children."

With the extended life span there are more elderly people and the incidence of hearing difficulties increases. The Hearing Society welcomes them to membership and helps them ease their handicap by speech reading and use of hearing aids. It also provides a social outlet for persons with hearing difficulties and they sometimes become so interested in

Plane Wreckage Found In Lake Near Muskegon

MUSKEGON (AP) — The wreckage of a light plane in which two Holland men disappeared while practicing instrument landings the night of April 29 was found in Lake Michigan Sunday.

The plane was empty. A search continues for its two occupants, James Taylor, 45, and Andre Docos, 40, presumed lost.

Taylor, a merchant, and Docos, a plant personnel manager, were practicing landings at the Muskegon County Airport.

A private tug hooked onto the plane by accident Sunday about a quarter mile out in the lake and a mile southwest of the airport.

A skin diver verified the plane's identity. Later it was brought to the surface and attached to a barge to be brought to the Muskegon harbor.

The plane a Cessna, is owned by the Holland Flying Club. Taylor, a Navy lieutenant commander and fighter pilot in World War II, and Docos were club members.

ARLINGTON ACQUISITION

In a court suit, George Washington Custis Lee, eldest son of Gen. Robert E. Lee, was decreed the rightful owner of Arlington and Congress subsequently appropriated \$150,000 to buy the property that had been illegally seized from him.

their improved communications that it is difficult to have a hearing lesson because politics take over.

The other officers of the Hearing Society are John Bartlett, a retired Chicago & North Western Railway civil engineer who is a charter member of the group and its vice president; Mrs. Charles O'Neil, treasurer and a founder of the group; Mrs. Carlton Mineau, of Gladstone, secretary. The trustees are Rev. Karl J. Hammar, John Mitchell, Mrs. Georgia Owens, Mrs. Robert Kirby, Dr. William S. Jones, Jr., of Menominee; and Brother Felix of Holy Name High School.

Jury Selected To Try Hoffa

CHICAGO (AP)—After two weeks of lawyers bickering, a jury of eight men and four women has been empaneled to hear the \$20-million fraud and conspiracy trial of James R. Hoffa, Teamsters Union president, and seven codefendants.

Before opening statements can be given in U.S. District Court before Judge Richard B. Austin, however, two more alternate jurors must be chosen.

With two alternates chosen Friday, the four will stand by as juror replacements in a trial that some observers say may last for months.

Hoffa and his codefendants are charged in a 28-count indictment with conspiring to obtain \$20 million in fraudulent loans from the Teamsters Union pension fund and diverting \$1 million to their personal use. Hoffa is a trustee of the fund.

The jury consists of eight union members. One man is a Negro. Jurors range in age from 24 to 64.

The jurors were selected from 561 veniremen, many of whom were excused for cause after Judge Austin warned that jurors would be isolated in guarded hotel rooms between court sessions. He further ruled that each juror could receive one telephone call per day. The telephone call and visit would be monitored by U.S. marshals.

Carol Haney, 39, Musical Star, Dies In New York

NEW YORK (AP)—Carol Haney, the Broadway musical star, died Sunday night in a hospital here.

Miss Haney, 39, was a singer, dancer and choreographer. The cause of death was not learned immediately.

Miss Haney was taken from her home at Saddle River, N.J., to Valley Hospital in Ridgewood, N.J., on Thursday. Later that day she was transferred by ambulance to the New York hospital.

Born on Christmas Eve in 1924 in New Bedford, Mass., Miss Haney was married to actor Larry Blyden. She had three children.

Coach Is Killed In Collision With His Mother's Car

By The Associated Press
Twelve persons, including a son whose car collided with that of his mother, died in Michigan's weekend traffic.

A wife thrown from a motorcycle which her husband was driving also was among the victims over May's second weekend.

The Associated Press tabulation began at 6 p.m. Friday and ended at Sunday midnight.

Leonard Fase Jr., 24-year-old athletic coach at Spring Lake High School, was killed Saturday when a sports car he was driving and an automobile driven by his mother, Mrs. Virginia I. Fase, 46, of Ada, collided at the crest of a hill in the Grand Rapids suburb of Ada.

Women Meeting At St. Charles

RAPID RIVER — Women's Circle and Altar Society of Rapid River St. Charles Church will meet Tuesday, May 12 at 7:30 p.m. in the parish hall. Plans for the society's rummage sale to be held Wednesday May 13 and Thursday, May 14 will be announced. All women of the parish are invited to attend this meeting.

Hostesses will be Mrs. Donald LaCrosse and Mrs. Michael Majestic.

ARBOR DAY was observed by children of the Webster School in Escanaba with a May Pole dance on the grounds tree planting, and a general pick-up, clean-up of the

grounds after the program. Parents of the children attended the program arranged by the teachers. (Daily Press Photos)

Walbridge Is GOP Delegate

John Walbridge of Escanaba, head of the Early American Fence Co. and chairman of the Delta County Republican Committee for the past two years, was chosen a delegate to the Republican national convention at the Michigan GOP Convention Saturday in Grand Rapids.

Walbridge was named the delegate from the Upper 11th Congressional District and Mrs. Arthur Rouse, Petoskey, from the Lower 11th.

Ralph Huhtala, Iron Mountain, was named Upper Peninsula delegate-at-large and Dr. Fred Sabin of Marquette and Robert Flood of Crystal Falls was named 12th District delegate.

Alternates are: Charles Varnum, Manistique, and Mrs. Katherine Halstad, Harbor Springs for the 11th; John Clements, Baraga and William Burns, Ironwood, for the 12th.

Small Computer Product Of Year From Michigan

DETROIT (AP)—A desk-size electronic accounting computer designed for speed and easy operation is Michigan's product of the year.

Burroughs Corp. will receive an award for the computer at Michigan Day at the New York World's Fair May 18.

Milton G. Kendrick of Ann Arbor, chairman of the Michigan Week awards committee, announced the award Saturday. He said it was the first time a product from the Detroit metropolitan area won.

The computer won in competition with such products as aircraft, furniture, a new non-foaming cleaning detergent, a steel wool soap pad, a service island for dispensing gasoline, a do-it-yourself aluminum awning kit, a camping unit and a mine drilling rig.

Fish Tug Missing In Saginaw Bay

UNIONVILLE (AP)—A commercial fishing tug with two men aboard was unreported in Saginaw Bay today between here and Bay Port, some 20 miles away.

It is the 40-foot "Scotty," owned by Don Brennan of Port Huron, and it left the mouth of Thomas Cut, where it had been aground since Friday, Sunday night.

Brennan was believed accompanied by a brother or a helper, and Coast Guard boats and other fishing tugs were alerted today to be on the lookout for the "Scotty."

Backers Aiming For Compromise On Civil Rights

WASHINGTON (AP)—An abrupt change in strategy by supporters of the civil rights bill appeared obvious today as the marathon Senate controversy stretched into its 10th week and 52nd session.

The new battle plan is to pound out a compromise package — outside the Senate chamber — and then try to pledge 67 members from both parties — a two-thirds majority — to stand solidly behind this on all votes.

This would be no easy accomplishment, but it would duplicate the strength Democratic Leader Mike Mansfield of Montana and Republican Leader Everett M. Dirksen of Illinois massed March 26 to make the bill the pending Senate business.

Senate maneuvers on the measure began March 9 when it arrived in the Senate after House passage. Although the flood of oratory got under way promptly, the bill wasn't officially the pending Senate business until a 67-17 vote to make it such was attained March 26.

Initially, Senate sponsors talked about trying to pass the House bill without major changes. Longer-than-usual daily sessions and Saturday meetings failed to dampen the Southern-

ers' oratorical ardor, but they finally allowed votes last week on the first of more than 100 amendments.

These tests involved attempts to make provisions for jury trials in contempt of court cases that arise from the bill.

A series of daily conferences has been held in Dirksen's office. With all factions except the Dixie opponents represented, this group has been laboriously seeking agreement on all provisions of the legislation.

Atty. Gen. Robert F. Kennedy and his top legal aides have been participating. All results are cleared with key House members for expected later action there.

Cyprus Battle Now Sit-Down

NICOSIA, Cyprus (AP)—The fighting between the Greek and Turkish Cypriots appears to have settled down into a sitzkrieg which at least is sparing lives.

Swift, sharp forays by Greek and Turkish Cypriots into each other's territory since the Christmas eruption of the civil conflict have been replaced by sporadic shooting, mostly at night.

Seven thousand U.N. soldiers from Britain, Canada, Ireland, Sweden and Finland, with small units of civil police from cooperating countries, are planted in the major trouble spots on the island.

Roving patrols flying the U.N. flag jump quickly into flareups and put out the fires before they become full-scale battles. One result is that casualty lists, which total more than 300 dead, 500 to 600 wounded and several hundred missing, now are increased by only an occasional one dead or one or two wounded.

The United Nations does not pretend its activity has reduced the tension. But top officers say they are satisfied that at least the combat is contained to fixed positions.

Most of the island has settled into an uneasy peace.

Man Persuaded Not To Leap Off Brooklyn Bridge

NEW YORK (AP)—A man who threatened to jump into the East River Sunday from a cable of the Brooklyn Bridge was encouraged by bystanders who shouted "Jump, jump," police reported.

Deputy Chief Inspector William McCarthy said about 100 persons gathered as Jose Manguan, 26, climbed the cable after telling a gawd he had troubles. He gave the pedestrian his wallet, ring and watch.

Police ordered pedestrians to leave the bridge and brought a loudspeaker to the scene. Manguan was finally talked into coming down by the Rev. James Conroy of Loyola University at Scrub Oak, N.Y., and was taken to Bellevue Hospital for observation.

Assembly Program At Rapid River

RAPID RIVER — Rapid River High School will present Fred Lowery, world's foremost whistling artist, at a school assembly, Wednesday, May 13 at 2:40 p.m. in the high school gymnasium. Lowery is a recording and concert artist as well as a TV personality. He spent several years on the Horace Heidt show.

The public is invited to hear this "King of Whistlers." There is no charge.

Five Murdered In Boise, Idaho

BOISE, Idaho (AP)—Five persons, including three children, were found murdered Sunday and police said a 54-year-old Boise man wanted for questioning in the slayings was presumed drowned.

A patrolman spotted a motorist officers believe to be Raymond A. Reasons acting suspiciously and chased his car until it plunged into a canal. The man escaped the vehicle, but police said he apparently was pulled under water in the canal.

Three of the victims were his children, one was a stepdaughter, and the fifth was his former wife whose body was found in the car.

The search for the bodies began when Mrs. Edna Reason, the estranged wife of Reasons, told police her husband had called and told her he had killed the children — Eddie Ray Reasons, 13, Pamela, 11, and Patty, 10, and Reasons' stepdaughter, Sally Gohman, about 20. They were found in Reasons' house.

Pulled from the car submerged in the canal was the body of Estelle Reasons, about 47. Her body was wrapped in a blanket and she had been shot in the chest. A rifle was found in the car.

At the Reasons home, police said, a note found near one of the bodies read, "I've hurt them long enough." It was signed "Daddy."

Armed Forces Tribute Asked

The attention of the public is directed by Escanaba Mayor George W. Rusch to the observance of Armed Forces Week May 9-17 with May 17 designated Armed Forces Day.

The mayor urged citizens to join in observance of Armed Forces Day and to pay special tribute to the men and women of the armed services who "stand ready around the world as part of this nation's power for peace."

Oklahoma Has Light Tornadoes

By The Associated Press
Thunderstorms swept areas in the central and southern plains and the Southeast today after another outbreak of severe weather Sunday.

Several tornadoes were reported in Oklahoma but property damage was light. Thunderstorms hit most of the state with heavy rain and hail in some sections.

The storm belt extended from Texas to Nebraska. Heavy rain drenched Oklahoma City, with flooding in some sections. Wind gusts of 71 miles an hour lashed the city. Nearly 3½ inches of rain fell in Enid, Okla., during a six-hour period. Heavy rain was reported in Arkansas and Western Tennessee.

Rapid River Fellowship Has

The Women's Fellowship of Rapid River Congregational Church met Wednesday evening at the church parish hall for their monthly session. Plans were made for a Father and Son banquet to be held sometime in June. A bake sale and a church family night will include the fellowship's May activities. Hostess for the evening was Mrs. George Wilbee.

Sinatra Saved In Ocean Swim

LIHUE, Kauai (AP)—Entertainer Frank Sinatra planned to return to work today directing and starring in his new film, apparently suffering no ill-effects from his near drowning on Kauai Island.

Sinatra was rescued Sunday after an undertow swept him seaward. Although exhausted, Sinatra was not harmed, a physician reported.

The movie company's publicist, Harry Friedman, said Sinatra insisted he continue filming today in spite of the incident. Sinatra is making the movie—"None But the Brave"—on Kauai.

Mrs. Howard Koch, the wife of Sinatra's executive producer, also had to be rescued.

Sinatra and Mrs. Koch were swimming near Sinatra's rented cottage, close to the Coco Palms Hotel on the east coast of the island, which is about 100 miles from Honolulu on Oahu Island.

A big wave dragged the two out to sea. Sinatra was pulled further out than Mrs. Koch, according to Friedman, who estimated the distance at 200 yards.

Although considered a fairly good swimmer, Sinatra could not return to shore, Friedman said. Someone at the nearby hotel called the Kapaa fire station.

Wildcat Rail Strike Halted

CHICAGO (AP)—A shaky peace was restored to the nation's railroads Sunday night as the sixth walkout by railroad workers since Thursday came to an end.

A federal court injunction obtained Sunday in Chicago halted a work stoppage on the Pennsylvania Railroad.

The stoppage, called a wildcat strike by management, began Saturday night when 40 men reported sick. About 120 more called in sick Sunday.

The Pennsylvania walkout followed a 7-hour, 20-minute strike by firemen against the New York Central in Mattoon, Ill. The men returned to work following telegrams from union officials advising them that their walkout was unauthorized.

Four other brief strikes on Thursday—the day the railroads put into effect an arbitration ruling eliminating hundreds of firemen's jobs—followed the same pattern.

The strikes were flareups in the five-year dispute between the rail lines and the operating unions about work rules and what management calls feather-bedding.

Cabinet Shuffled In South Korea For New Premier

SEOUL, South Korea (AP)—A reshuffled Cabinet took office in South Korea today, strengthening the hand of President Chung Hee Park's ruling Democratic Republic party.

The party took eight seats in the 17-member Cabinet. It had six under Premier Choi Doo-sun, 68, who resigned Saturday.

The new premier, Chung Il-kwon, 47, promised to press negotiations with Japan to normalize diplomatic and trade relations. The issue is an explosive one in Korea, which endured a long Japanese occupation.

The new premier is a close associate of party chairman Kim Chong-pil.

Thousands of students have rioted in the past two months, accusing Kim of making too many concessions to the Japanese.

Opening Party At Country Club Successful Affair

The Escanaba Country Club's opening dinner dance, held Saturday evening, was a most successful and enjoyable party, marked by a record attendance.

Spring flowers were combined with May poles in the colorful decorations.

The festivities opened with a cocktail hour, followed by an excellent smorgasbord and dancing to the music of Cully Johnson's orchestra. Special entertainment, featuring pantomime, was presented by "The Whistler's" of K. I. Sawyer Air Base.

Members of the board of directors and their wives were in charge of arrangements.

Do you know that standard cream-puff paste, or pate a chou as the French call it, may be covered and stored in the refrigerator up to three days before it is baked.

The Evening unit meets tonight at 8 at the home of Mrs. Sherwood Trotter.

The Morning unit meeting will be held Wednesday at 9:15 at the Johnson home, 316 S. 3rd St.

Women's Activities

VERSATILE CELERY—Cooked and served warm or cold in a marinade; it will accent meat or fish.

Celery Good, Raw or Cooked

By CECILY BROWNSTONE
Associated Press Food Editor

The crunchiest vegetable of them all, celery, is one presend-day cooks would find it hard to live without. It does so much to enliven dishes.

Ever since 1874, when it was first commercially grown in Michigan, celery has been on its way up. Once used chiefly as a flavorer, and to eat out of hand, nowadays it's served innumerable ways.

In early days, when celery was still not widely available, good cooks carefully cut off the leaves from a bunch and dried them to use as flavoring for soups and stews. Although nowadays cooks aren't apt to dry celery leaves, they still throw them into the soup and stew pot.

There are so many ways to use celery ribs "as is." One cook we know has celery sticks, accompanied by a shaker of seasoned salt, on the living-room coffee table before dinner time. Or she may stuff the ribs with a well-seasoned low-calorie cottage cheese and sprinkle with paprika. This keeps weightwatchers in the family from more calorie-laden food.

For more luxurious eating the ribs may be stuffed with a mixture of cream cheese and Roquefort or blue cheese. Offered on salad greens with anchovies, whole canned pimiento and cruet of olive oil and wine vinegar, plus sourdough bread and sweet butter, this combination makes a marvelous first course for guests.

Knowing cooks often use raw celery, minced fine, to give crunchiness to cooked green peas or snap beans. If you like this idea cook the green vegetables as usual, then add the celery along with butter and reheat briefly.

Celery is also delicious cooked along with carrots and served, warm or cold, in a marinade. You might like to try the warm version with a roast and the chilled version with the leftover meat when it is offered sliced and cold.

Celery and Carrots With Marinade
5 cups thinly sliced celery
5 cups thinly sliced carrot rounds
Boiling water
1 teaspoon salt
Marinade

Place celery and carrots in a saucepan with 1-inch of boiling water and the salt. Bring to the boiling point and boil 5 minutes; cover and cook 5 to 6 minutes—only until tender-crisp. Drain if necessary and mix with Marinade. Serve at once or chill. Makes 6 servings.

Marinade
6 tablespoons olive or other salad oil
1 clove garlic, peeled
2 tablespoons cider vinegar
1 tablespoon minced parsley
1 tablespoon minced green pepper
2 tablespoons minced sweet cucumber pickle
1 teaspoon lemon juice
1 teaspoon minced onion
¼ teaspoon (generous) salt
Add garlic to oil; let stand 1 hour; discard garlic. Add vinegar, parsley, green pepper, pickle, lemon juice, onion and salt; beat well with a fork.

Chips And Splinters

Exotic flowers from Hawaii were the Mother's Day gift from Airman Dennis Benard to his mother, Mrs. Palmer M. Benard, 1200 N. 18th St.

The flowers arrived on Saturday and included tropical blossoms from the Island where the young airman is stationed at Hickam Air Force Base. He has been there most of the two years he has been in the Air Force.

Good combination of spreads for evening party refreshment: deviled ham mixed with pickle relish and grated cheddar cheese; cream cheese mixed with drained canned clams and seasonings; and liver pate—the real thing or made with liverwurst.

Church Events

The Church Council of Christ The King Lutheran Church will meet today at 7 p.m. in the parsonage basement.

Missionary Cantata At Township Hall

Residents of the Cornell, Watson and Arnold area are invited to a missionary cantata at the Wells Township Hall Tuesday evening, May 12 at 7:30 p.m.

The theme of the cantata is "The Greatest Story Yet Untold" telling the need for God's Word to be spread throughout the world to those who have never "heard" of Jesus Christ and the way of salvation. It will be given by twenty-one singers and instrumentalists from the Salvation Army of Escanaba.

This service is being sponsored by Lutherans of this area, according to the Rev. Erland Carlson who will officiate. A free-will offering will be received. A lunch will follow the service. The public is welcome.

Plan Open House For Anniversary

BARK RIVER — Mr. and Mrs. Leslie Sundquist will observe their twenty-fifth anniversary, Saturday, May 16, with an Open House at the Methodist Church. Mrs. Arthur Fournier is program chairman for the occasion. The program will be at 4 p.m. with a reception following until 7 p.m. 8ah½ r AASuu i-sja8

A changeover in meat loaf service is always welcome. Bake the loaf in a rectangular or square pan; when it's finished baking, pour off any juices. Frost the top with mashed potatoes, the home-made or packaged kind. Top with grated cheese. Slip under the broiler long enough to brown lightly.

Ever fill popovers with ham or creamed chicken and serve for Sunday night supper?

REIGNING AS King and Queen of the Bark River-Harris Junior Prom held Saturday evening in the gym of the elementary school, were Bill Hall and Nancy Barr. Members of their court were Janice Fisk, Jackie Sundquist, Sandra Pilon, Linda Pilon, David Bolm, David Bruce, Greg Sagataw and Jim Harris. Theme of the party was "Moon River," and the gym was decorated in blue and white with a star studded ceiling. Ernest Tomassoni's orchestra played the prom music.

Lyon Pupils In Recital Tonight

Mrs. Bill Lyon will present her Rapid River music students in a recital this evening. The recital will begin at 7:00 p.m. in the multi-purpose room of the Bay De Noc Elementary School. Music selections will be performed by both piano and accordion students. The public is cordially welcome.

Friend

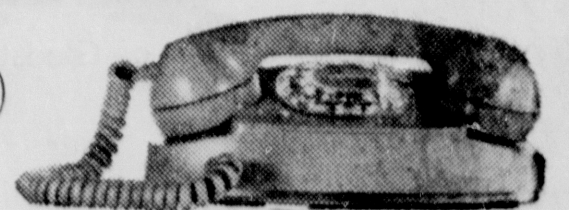

A **friend** you can always count on... that's one of the many roles the telephone plays in your life.

For your telephone is a tried-and-true companion, always ready to give you a hand with anything and everything—in any weather, at any time, to take you any place.

Your telephone **friend** actually helps save you money, too. In fact, the more you use your telephone, the more you're likely to save. You save time, and save expenses that would otherwise mount up if you had to do everything by yourself.

It's hard to imagine what life would be like without the friendly telephone to help lighten and brighten your days. And it's still one of the biggest bargains in your family budget. Use it often.

Two Ticketed By State Police After Mishaps

Two drivers were ticketed Friday by State Police in separate accidents in which no one was injured.

Jewel Prey, 19, of 947 Stephenson Ave., Escanaba, was ticketed for violation of the basic speed law, too fast for conditions and no operator's license. Miss Prey was turning north off of US-2 at the intersection of US-41 in Rapid River when her car slid and hit a cement culvert. Damage was done to the left side of the vehicle. The mishap occurred at 3:30 p.m.

Benny Lippens, 39, of Rte. 1 Rock, was going west on County Road 529, three and a half miles west of Rock, when the right wheel of his car left the pavement. He tried to back back on the road and lost control of the car and went into a ditch across the road. The front and right side of the car was damaged. Lippens was ticketed for violation of the basic speed law, too fast for conditions.

Soo Trainmaster Changes Told

Appointments of six Soo trainmasters to new territories have been announced effective June 1: R. H. Dablow, Fond du Lac, Wis., to Stevens Point; J. A. DeKay, Stevens Point, Thief River Falls, Minn.; H. W. Ellefson, Stevens Point to Marquette; D. F. Kemmer, Thief River Falls, to Fond du Lac; and W. E. Knutsson, Marquette, to Enderlin.

Briefly Told

Buckeye P.T.A. will hold their annual supper today beginning at 6 p.m. at the Buckeye School. All parents are invited to attend.

More people get more news from newspapers than from all other sources combined.

2. In Memoriam

Nicholson

In loving memory of our dear mother, Mrs. Ralph Nicholson, who passed away May 11, 1963.

We do not need a special day To bring her to our minds The days we do not think of her Are very hard to find. Within our store of memories She holds a place apart For no one else could ever be More cherished in our heart.

Sadly Missed By Her Husband and Children

Scouters Will Hear Cameron

Robert Barron, chairman of the Red Buck District of the Hiawathaland Council, Boy Scouts of America, announced that speaker for the annual Council meeting here Sunday afternoon and evening, May 17, will be Wallace Cameron, superintendent of Gladstone Schools for the past 20 years. Cameron will address the hundreds of adult Scout leaders from throughout the Upper Peninsula.

Cameron is well known locally for his interest in youth. A graduate of Gladstone High School, he attended Culver Military Academy on a scholarship awarded by the Boy Scouts of America. He attended Northern Michigan College and completed his degree work at Albion College in 1932. He served the Rapid River School as principal and later as superintendent for 11 years. He was granted a masters degree from the University of Michigan in 1938, accepted the superintendency at Gladstone in 1943 and has served in that capacity since.

As a boy he was a member of Troop 1 of Gladstone, earning the Eagle Scout rank. As a youth he attended and served on the staff of several Scout camps in the region. At Camp Red Buck he has been waterfront and program director and while at Red Buck became a member of the Order of the Arrow, the national Scout camping fraternity. For his later Scouting service to boys in the council, he was awarded the Silver Beaver in 1951.

He has been a lifelong member of the Methodist Church in Gladstone, is a member of the Masonic Lodge and has served his community in many activities.

Mr. Cameron and his wife, Ruth, have two children, Mary, (Mrs. Charles Nebel), a teacher in Dearborn, and Lorna, an honor graduate of Gladstone High School who is a student at Albion College and is planning a teaching career.

ESCANABA COUNCIL 640, Knights of Columbus, has named John J. Gnat, 624 Delta Ave., "Knight of the Month." Currently serving as Faithful Admiral of the council, Gnat was initiated into the order in 1916 and became a 4th Degree Knight in 1921. His membership has been continuous since that time and he has been one of the most active members over the years. He is also a past Faithful Navigator.

Colleges Set Sports Tests

MOUNT PLEASANT (AP)—Seven schools battle today for NAIA District 23 championships in baseball, golf, tennis and track—and the right to represent Michigan in national tournaments.

Central Michigan, Ferris State, Hillsdale and Spring Arbor seek the baseball title. CMU, Northern Michigan, Ferris and Detroit Business Institute have entered golf teams. CMU, NMU, Detroit Tech, DBI, Spring Arbor and Hillsdale clash in tennis. CMU, NMU, Spring Arbor, Hillsdale and Ferris meet in track.

Record Fall In Track Meet

STILLWATER, Okla. (AP)—Three more meet records were surpassed by Big Eight athlete, last weekend and chances look good for the biggest record-smashing spree in five years at the 36th Big Eight outdoor track meet here Friday and Saturday.

Russ Laverty of Oklahoma State cleared 6-10 in the high jump, Jim Miller of Colorado ran 36.2 in the 330 hurdles and Bill Silverberg of Kansas ran 14:14.9 in the three-mile. The meet records are 6-8 1/2, 36.5 and 14:21, respectively.

Miller's time is the nation's collegiate best this season and equals his career best. The meet three-mile record is held by Paul Acevedo of Kansas, who ran 14:20.8, also under the record, in losing Saturday.

Laverty's 6-10 is the best outdoor jump in Big Eight Conference history and surpassed only by the 6-10 1/4 by Colorado's Leander Durley in the 1963 conference indoor meet.

HOT DOGGING IT—A couple of Tigers go to the dogs (hot) at the New York World's Fair. Catcher Bill Freehan, left, was an early season leader in American League hitting. Outfielder Al Kaline is the other Detroit player tearing into baseball's classic delicacy.

Tigers Waste Fine Pitching Effort

DETROIT (AP)—A wasted brilliant pitching effort by Dave Wickersham, a couple of costly errors and anemic hitting briefly wraps up the Detroit Tigers' performance in Sunday's doubleheader against the Baltimore Orioles.

"I'll tell you one thing," said manager Charlie Dressen. "I've never seen a pitcher do a better job and get beat. That loss was the toughest."

The Tigers skipper was referring to the three-hit performance, and third complete game, by Wickersham in the opener. The Tigers lost 2-1 with both Baltimore runs scoring as a result of a three-base throwing error by catcher Bill Freehan.

Baltimore clubbed four Detroit pitchers in a 7-1 triumph in the second game to extend the Tigers' losing streak to five games. The Tigers have skidded to within a half-game of last place.

Wickersham, by far the best performer for the Tigers in the

first month of the season, worked out of a bases-loaded situation in the first inning and handcuffed the Orioles the rest of the way.

In the fourth inning with Norm Siebern on first via a walk, Freehan pounced on Brooks Robinson's sacrifice bunt and heaved it into the Orioles bullpen in right field. Siebern scored and Robinson dashed to third. Robinson scored later on an infield out.

The Tigers had a chance to pull it out in the ninth when Dick McAuliffe reached base on an error and Jerry Lumpe singled to chase Baltimore starter Milt Pappas.

Al Kaline greeted Reliever Dick Hall by pounding his first pitch into the left field seats on one bounce for a ground rule double, scoring McAuliffe.

Hall then walked Norm Cash intentionally and the Tigers had the bases loaded with only one out. But Hall saved the game by striking out Don Demeter

and getting Willie Horton on a grounder.

Demeter was the biggest bust of the afternoon. He left 10 runners stranded.

The Orioles pushed to a 7-0 lead after six innings in the nightcap as rookie Wally Bunker scattered 10 hits. Bunker lost his shutout in the sixth inning when Willie Kirkland dropped dropped Billy Bruton's fly ball to deep right, allowing Cash to score.

Baltimore got two gift runs in the fourth when Detroit catcher Mike Roarke threw the ball into left field while trying to pick John Orsino off third. The Orioles had the bases loaded at the time.

Ed Rakow started the second game for the Tigers and lasted less than four innings.

But Dressen indicated he had hopes for the former Kansas City right-hander. "I know he'll help us as soon as he gets a little more work. He was just wild today, and that's to be expected," Dressen said.

Bubba Phillips played third base in the second game and Dressen said the veteran will stay there for a while with Don Wert sitting on the bench.

"Wert is a good fielder," Dressen explained. "But he hasn't been hitting."

George Thomas may get a starting assignment in left field Tuesday night when the Tigers open a three-game series with the New York Yankees, Dressen said.

Mickey Lolich and Al Downing are scheduled to be the starting pitchers for the opener.

Tigers Trim Mound Staff

DETROIT (AP)—Four pitchers were shifted around Sunday as the Detroit Tigers trimmed their roster to the 25-player limit well ahead of Wednesday night's deadline.

Veteran reliever Terry Fox was sent to Knoxville of the Southern League, subject to 24-hour recall, and Fred Gladding was optioned to Syracuse of the International League under the same arrangement.

Southpaw Fritz Fisher was also sent to Knoxville while righthander Joe Sparma was brought up from that club to join the Tigers. Both are first-year players and Fisher, though playing in the minors, will count against Detroit's major league roster.

Owen Would Be Proud: Passed Balls Pay Off

By The Associated Press
When graduation time rolls around at Mickey Owen's baseball school, Gus Triandos and Joe Torre should stand at the head of the class.

The two catchers earned their diplomas with high honors Sunday in a way that would have made Owen proud.

Triandos missed a third strike that led to the deciding run in Cincinnati's 2-0 victory over Philadelphia while Torre's passed ball on the third strike paved the way for Pittsburgh's 6-5 come-from-behind triumph over Milwaukee in the second game of their doubleheader.

Owen, of course, holds the notorious distinction of missing the third strike with two out in the ninth inning of a 1941 World Series game. He now operates a baseball school for boys 8 through 18.

The Triandos passed ball put Deron Johnson on first base in the fourth inning of a scoreless pitching duel between Philadelphia's Chris Short and the Reds' Joe Nuxhall.

Short struck out Frank Robinson for what should have been the third out, then walked Tom Harper and gave up a run-scoring single to Chico Cardenas.

The Pirates trailed 5-3 when Bill Mazeroski opened the ninth by striking out. The ball, however, got by Torre, and Mazeroski went to first. The Pirates

proceeded to win the game on three singles mixed with a sacrifice bunt.

The victory gave the Pirates a split for the day. Milwaukee won the first game 11-5. In other National League games, Los Angeles drubbed San Francisco 9-1, Chicago nipped Houston 4-3 before bowing 4-1 in 11 innings and New York downed St. Louis 4-1, then lost 10-1.

In the American League, Baltimore swept Detroit 2-1 and 7-1. New York took Cleveland twice 12-2 and 3-2 in 10 innings. Minnesota defeated Kansas City 6-3, Chicago stopped Los Angeles 5-3 and Boston whipped Washington 9-4 after being trounced 13-4.

Jim Gilliam and Maury Wills each drove in two runs while Frank Howard smashed his 10th home run for the Dodgers. John Roseboro also homered. Their support made it easy for Don Drysdale to win his fourth game in five decisions on a six-hitter. Willie Mays had two of the hits, both doubles, and drove in the Giants' only run in the sixth. Mays, hitting .481, has hit safely in 17 straight games.

Walt Bond was the batting star for Houston against the Cubs. The mammoth outfielder doubled home the Colts' first run in the fourth inning of the second game, then singled to score the tie-breaking tally in the 11th. Jim Wynn added a two-run double in the 11th.

Michigan Drops First Decision; Ties For First

By The Associated Press
Michigan suffered its first Big Ten baseball defeat Saturday and it was enough to force the Wolverines into a first-place tie with Minnesota.

The Wolverines, now 7-1, split a doubleheader with Iowa, losing the opener 6-2, and winning the nightcap 5-3.

Meanwhile, the Gophers swept a twinnbill from Michigan State, 4-1 and 7-0. That gave the Spartans a 5-4 conference record. Last Monday, they were tied for second place with Minnesota at 5-1.

Iowa's Bob Schauenberg held Michigan to three hits until the ninth inning of the first game, when the Wolverines rallied for two runs. But Steve Green came in to put out the fire.

Bill Wahl held Iowa to six hits in the nightcap. His double sparked a three-run Wolverine uprising in the third.

The Spartans managed only nine hits off Minnesota pitching at Minneapolis.

Western Michigan and the University of Detroit continued on the winning trail. The Broncos boosted their season mark to 14-3 with a 7-0 victory over Toledo in the Mid-American Conference. Dave Bitante won his fifth straight game on a five-hitter. Art Marcell backed him up with four hits. Western now stands 5-2 in the MAC.

Detroit chopped down Albion 5-1 and 7-5 in another twinnbill. Harry Brinsden's two-run homer in the sixth inning won the nightcap. The Titans have won 15 and lost 3 this year.

In MIAA action, Hope held on

Eskymos Retain Conference Track Crown

Sarnowski Again Tops School Shot Put Mark

By RAY CRANDALL
(Press Sports Editor)

MANISTIQUE—The Escanaba Eskymos retained their Great Lakes Conference track and field championship here Saturday with an impressive display of team effort.

The Eskymos, coached by Henry Wylie and Jerry Cvangros, scored 45 points to top the field of 10 schools. Marquette was runnerup with 35 points and Soo finished third with 31½.

In capturing their second straight GLC cinder crown the Eskymos grabbed three firsts and scored points in nine of the 13 events.

Escanaba's hopes were given a severe jolt in the morning field events when versatile Wally Schultz suffered a leg injury while winning the broad jump with a leap of 20 feet 1¾ inches. Schultz was counted on to score well in both of the hurdles events, but was barely able to run out a last place finish in both of the races because of the painful injury.

Breaks Own Mark

Two teammates came through with points in those events, however, with Tom Bjorkquist finishing third in the highs and Denny Reno fourth in the lows.

Joining Schultz in the winner's circle for the Eskymos were Bill Sarnowski and Chuck Brookes, a pair of outstanding junior athletes.

Sarnowski erased his own Escanaba school record in the shot put with a tremendous toss of 49 feet 11 inches, the longest in the Upper Peninsula this season. His former record 48 feet 10¾ inches. Jim Hanson, Eskymo sophomore, was a solid third with a flip of 47 feet 8½ inches.

Brookes flashed to victory in the 100 yard dash, nipping Gladstone's Dan Schram at the tape in 10.5 seconds, marking the first time he has ever finished ahead of the Gladstone sprinter. Pressing Schram for third was Pete Bertrand of the Eskymos who was clocked in 10.7.

Bertrand Second

Escanaba teams took seconds in both the 880 and mile relay events and Bertrand added another second place finish in the 220 yard dash, won by Schram in 23.95 seconds. Brookes was fourth.

Rounding out the Eskymo point producers was Sam Oslund who placed fourth in the pole vault.

Two conference records fell in the meet, although most performance were below par because of the adverse weather. An all-night rain Friday left the track slow and the weather was cool and windy during the meet.

John Hendrickson, Newberry's premier quarter miler, stepped his speciality in 53.1 seconds to wipe out the former record of 53.35 set by John Fisher of Escanaba in 1961.

Bill Millman of Marquette used his fiber glass pole as a catapult to soar 11 feet 8½ inches in the vault. That eclipsed the former record of 11 feet 2¼ inches set by Fred Sundstrom of Escanaba in 1960.

Pearson Wins Twice

Marquette produced a double

winner in Bob Pearson who skimmed the high hurdles in 16.05 seconds and the lows in 22.21. The Redmen also won the 880 yard relay.

One of the outstanding individual performances of the meet was a 4:43.45 mile run turned in by Bruce Swanson of Ishpeming.

Jerry Lutri gave the Stephenson Eagles a first in the high jump, leaping 5 feet 8 inches.

Ishpeming's Doug Pertunen won the half mile in 2:07.6. Taking the No. 2 spot was Jim Gray, a Munising sophomore in 2:11.16.

Helping Schram in Gladstone's 18½ point team effort was Emory Dault who was second in the shot put with a toss of 47 feet 11½ inches (Schram was fifth). Bruce Ellison with a tie for third in the half mile and both the Braves' relay teams which finished fifth.

Schaffer Men Meet Tuesday

An organization meeting of men in the Schaffer area interested in helping the youth baseball program will be held at 8 p.m. Tuesday at the church hall in Schaffer.

Fr. John Arneith has asked all persons who are willing to help the boys this summer to turn out at the meeting. Teams will be set up for the season and final league plans will be outlined.

There are still openings for boys in the 13 through 16 age group, he stated.

Esky Baseball Contest Today

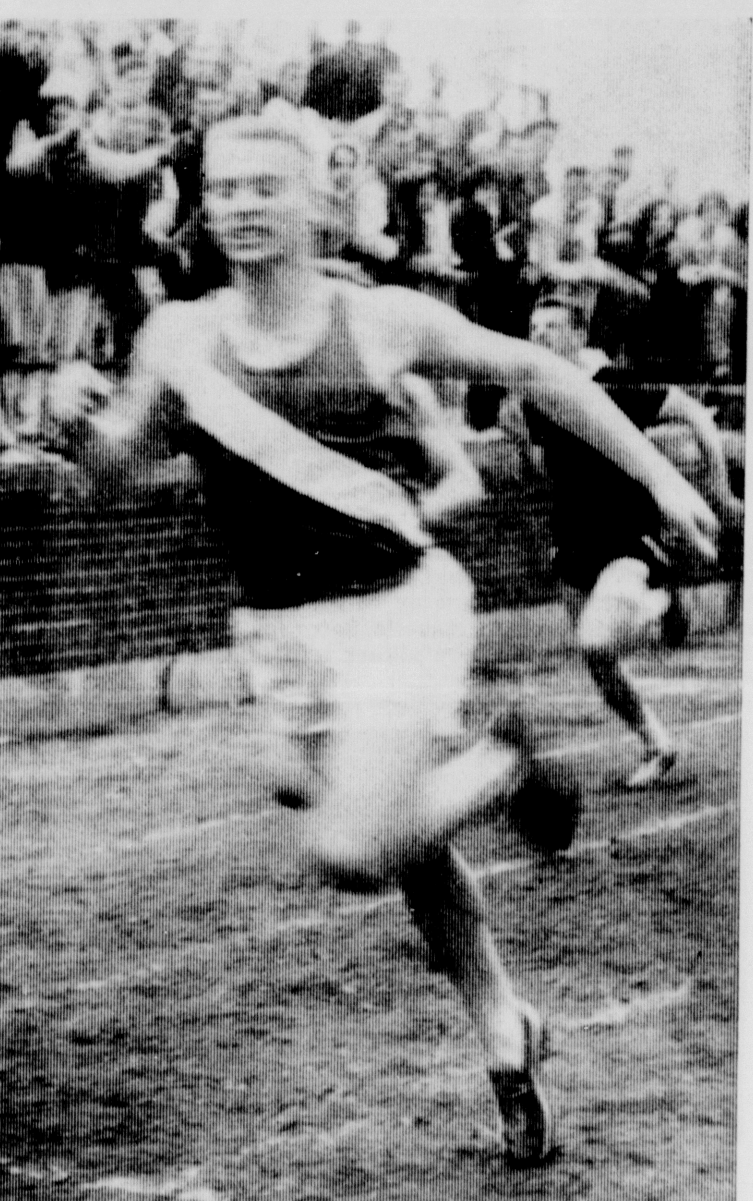

The Escanaba Eskymo baseball team will make its second start of the season this afternoon at 4 against the Stephenson Eagles at the Al Ness Field.

Both teams have recorded a victory this spring in their lone starts, each scoring a decision over Menominee.

Softball

The Merchants softball team will practice Tuesday evening at the Babe Ruth diamond at 6:15 p.m.

Skinny's Bar will practice at 6:30 this evening at Royce Park.

Judges Defend Ring Decision

ACCRA, Ghana (AP)—"If we had to do it over again we would decide the fight the same way," said two judges who almost caused a riot Saturday night when they awarded Featherweight champion Sugar Ramos of Cuba a close 15-round decision over challenger Floyd Robertson of Ghana.

The ring announcer cautiously gave referee Jack Hart's decision and his much quieter announcement of the judges' verdict was lost in the cheering and confusion for a few minutes.

An uproar followed when the fans and Ghanaian boxing officials comprehended the decision and began shouting denunciations of the judges. Ed Lassman of Miami Beach, Fla.,

and Rao G. Velazquez of Mexico City, Lassman is president of the World Boxing Association.

The judges voted 70-69 for Ramos while Hart favored Robertson by an undisclosed score.

The Associated Press gave Ramos five rounds and Robertson four, with six even, but scored the fight 70-70 under the five-point must system.

The Ghanaians were generally confident the challenger would triumph despite his role of underdog.

The bout was more than just another championship match. Last week government owned newspapers advised that the fight should be regarded as an historic national occasion.

ESCANABA successfully defended its Great Lakes Conference track and field championship in the annual meet at Manistique Saturday, scoring 45 points for first place among the 10 schools competing. In the picture at the top, Conference Commissioner Howard Berkel of Munising is presenting the conference trophy to Chuck Brookes, left, and Bill Sarnowski, center, who scored two of Escanaba's three firsts in the meet. In the center photo, Newberry's John Hendrickson breezes home with a new record of 53.1 seconds in the 440 yard dash. In the lower picture, Gladstone's Dan Schram flashes across the finish line in the 220 yard dash. (Daily Press Photos)

Casper Favors Rugged Courses

FORT WORTH, Tex. (AP)—Give round man Billy Casper a tough golf course and chances are about three to one that he'll win on it.

He says himself that "I like a long, tough course where I seem to play best." And he proceeded to demonstrate the point Sunday when he swept up \$14,000 first money over the 7,122-yard Colonial Country Club course.

Such an astute observer as Gary Player rates Colonial among the top three courses in the world.

Casper, the 32-year-old, 215-pound citizen of Bonita, Calif., had a closing par 70 for 279—one under par—to win the Colonial National Invitation by four strokes over struggling Tommy Jacobs of Bermuda Dunes, Calif.

He commented afterward that Colonial was a mile tougher than even Winged Foot, at Mamaroneck, N.Y., where he won the National Open in 1959.

Unlikely Looker Great Sprinter

FRESNO, Calif. (AP)—Take a short, brittle-legged balding fellow and match him with brawny Bob Hayes, the world's fastest human and a football player when he isn't sprinting.

It sounds like the other man might win the race — if Hayes ran backwards.

But incongruous as it seems, Darel Newman, Fresno State College, is the one man in the world who apparently can give Hayes his closest race at 100 yards—and he fits the bookish description.

Newman blazed a 100 in 9.2 seconds Saturday at the West Coast Relays as he equaled the listed world's record and became history's fastest Caucasian at the distance.

He shared the spotlight with veteran shotputter Dallas Long who upped his world record to 66-7¼ despite a foot injury.

Newman accomplished his 9.2 despite a start that did not satisfy him and a misjudgment of the finish line. Yet one of three official watches caught him in 9.1 and one of the 9.2 official clockings was only a hair over 9.1.

Hayes, history's only 9.1 sprinter, still hasn't had the mark accepted as a world's record because he ran on an asphalt track.

Newman, only a 20-year-old junior, despite his deceiving hairline, ran on the Ratcliff Stadium track that officials call "just plain old, San Joaquin Valley clay."

The record came in a heat

Little League Managers Select Leading Players

In an expansion move that will see the Escanaba Jaycee Little League open its 14th year with seven teams, managers set a new record by picking up 51 rookies at their player auction Sunday at Club 314.

Amidst the struggle for new talent, manager John Powanda and Claude Bohn of the league's newest entry, the Escanaba Eagles, deftly moved to draft the top available talent certain to make the Eagles a contender in 1965 if not this year. To captain this young team they selected the durable all-around pitcher, catcher, outfielder Billy Baum to lead them in their first season of play.

Generally the managers left the auction highly pleased with the caliber of talent developed in the Farm and Recreation program and highly optimistic about the coming season. Regular season play opens May 23 with practice scheduled for the coming week.

Webster - Bankers
Saturday - Little League - Eagles

Rookies Please Spartan Coach

EAST LANSING (AP)—"We'll have to get a lot better offense going by fall," Michigan State football coach Duffy Daugherty commented Saturday after the windup game of spring football practice.

"I thought the White (rookie) team played the Green (veteran) outfit right off their feet most of the day," Daugherty said. "It shows you how much mental attitude pays off."

The Greens finally started moving in the final quarter and won 21-3 in a game before 4,235 spectators, including scouts from North Carolina, MSU's first opponent next fall.

Daugherty said he struck to just a basic offense because of the scouts.

Detroit Bowler Is New Leader

ALLEN PARK (AP)—Jack Born of Detroit erased Lansing bowler Bruce Sherman's lead in a division of the Michigan State Bowling Association Tournament Sunday.

Born rolled 2015 in a series, pushing Sherman into second place in the actual all-events class. Born also challenged Sherman's actual singles lead, placing fifth with 688. And, the Detroit's 2096 in handicap all-events put him in second place in that class.

The Hawthorne Valley team from Detroit bowled 2976 to take fifth place in the actual team standings.

Championships will be decided next Sunday, the last day of the tournament.

Schools Rapped; Will Obey Rules

DALLAS (AP)—Officials of the two schools plastered with probations by the Southwest Conference for recruiting violations — Texas and Southern Methodist — pledged strict adherence to the rules today.

Southern Methodist, which drew the severest penalty—two years during which it can not participate in NCAA activity, including bowl games, although allowed to compete for the conference football championship, had terse comment from its president, Dr. Willis Tate, a former SMU football player.

"It is the commitment and policy of Southern Methodist University to comply with the spirit and letter of the regulations of the Southwest Conference," Dr. Tate said. "Any violation by SMU was unintentional and unknown."

"The incidents happened in 1963, and all corrective measures have been taken to assure complete adherence to all regulations."

Southern Methodist was

charged with offering special inducements to prospective athletes, excessive financial aid for students already in school, offering financial aid to prospects beyond the legal limit and campus visitations by prospects, financed by alumni and yet unaccompanied by the alumni (which is required by the rules).

Texas, the national football champion last season, was given an indefinite probation with the privilege of having it removed within one year and was not barred from post-season games. Texas has been in four bowl games in five years.

Coach Darrell Royal said, immediately following the meeting of the conference Saturday, that he already had moved to correct the conditions that brought the Longhorns their penalty.

Texas was penalized for excessive visits to prospective athletes, campus visits by prospective athletes at the expense of but not accompanied by alumni and excessive entertainment of prospective athletes while on the campus.

Babe Ruthers Asked To Sign

All boys interested in playing Babe Ruth League baseball are asked to pick up their registration forms at Club 314 this week.

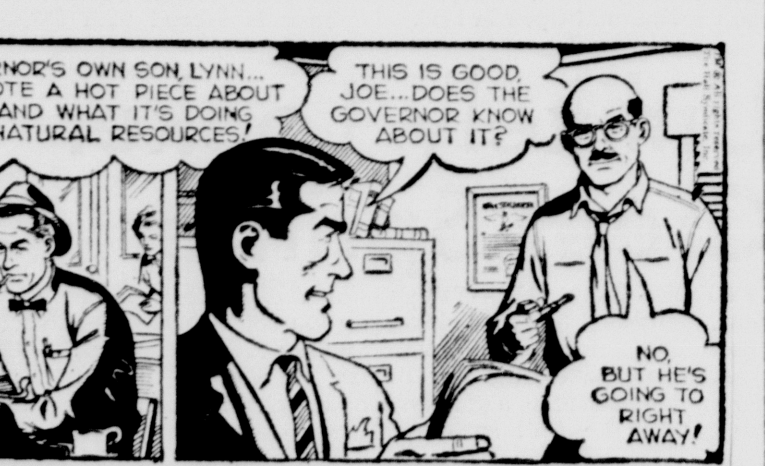

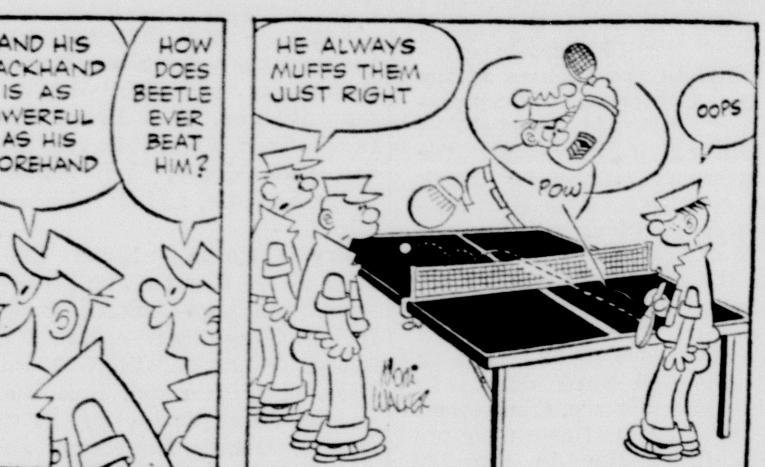

Players who were in the program last season are not required to bring their birth certificates but the parents must sign the entry blanks.

According to national regulations last year's Little League graduates must produce an official birth certificate at the time of registration. Hospital birth certificates are not accepted.

Air Force Major Picks Paradise; Raises Basenjis

"We've been traveling around so much, I guess Paradise is home," say Maj. and Mrs. A. L. Braun as they arrived to begin making their home at that Whitefish Bay settlement, and raise Basenji (African barkless) dogs.

The couple arrived in a heavy rainstorm from Albuquerque, N. M., where he was stationed with the Air Force prior to retirement, after 25 years service. His duty included 10 years overseas.

Mr. and Mrs. Braun purchased Lost Lake, a private lake with 160 wooded acres and a trout stream two years ago and haven't been able to be back since. They were to stay in Newberry Friday night and then head out for their property, five miles west of Paradise.

Mrs. Braun was born in England and grew up in New York City. Her husband came from Lomira, Wis., and is familiar with the Upper Peninsula. They have liked the area and planned to come here for retirement for some time. Their three children are married and live in the Detroit area.

They received their first Basenji from an American couple in Spain, where the major was stationed four years. They bought their first one in England and have breeding stock of 11 now. Their first puppies will arrive this fall.

Two theories have been advanced about how the dogs got to be barkless, says Major Braun. One is that they were bred that way for jungle life, so they would be silent hunters. The other is that over a period of time, those which weren't silent didn't survive.

The dog is a native to Central Africa and the native meaning of its name is "bush thing" or "wild thing." Early Basenjis were palace dogs of Ancient Egypt, brought as presents to the Pharaohs by Africans, Braun states. They are depicted in rock engravings in tombs of 2400-4000 B.C., as recorded in the British museum. Africans used them for retrieving, driving game into nets and hunting wounded quarry.

They were rediscovered by the British in the 19th century, and in 1937 a pair was imported to England. In 1941 a Basenji brought from Africa produced the first litter to be raised to maturity in the U. S.

The Basenji club of America was formed in 1942, and the British breed standard was accepted by the American Kennel Club in 1943. They have since been registered as members of the Hound group. There are several thousand in the U. S.

Braun will raise a few puppies each year at the Lost Lake property, they call Henry P' Kenya, which translated from Spanish means "Little People."

MAJOR AND MRS. A. L. Braun pose with two of their 11 Basenji dogs in Manistique enroute to property they have purchased at Paradise. Major Braun has just retired from the Air Force after 25 years service, and plans to live at Paradise, growing the African barkless dogs as a hobby. The dogs, of AKC registry, include Champion Cambria's Pepper of Loma Verde, standing up for Major Braun, and Diamond Suz of Loma Moreno, with Mrs. Braun. (Daily Press Photo)

Hospital

Admitted to Schoolcraft Memorial Hospital were Austin Swager of Cooks; Gaythel Adcox, Rte. 1; Claudine Brain, Germfask; and Frank Kane, Cooks. Discharged were Russell Marks, Karen Estren, Florence Willour, Barbara McAlpine and baby, Roberta Smith and baby and Iva Farley and baby.

More people get more news from newspapers than from all other sources combined.

Party Honors Greg Koontz

A birthday party honoring Greg Koontz, son of Mr. and Mrs. John Koontz, was held Friday evening at the home of Mr. and Mrs. Nalbert Gerber.

Music for the party to commemorate his 17th birthday anniversary was provided by the Renegades, teen orchestra which has Lamont Martz at the piano, David Brooks and Tom Mercier playing guitars, and Bob Mercier at the drums. Forty attended. Lunch was served at 11:30 p.m., and gifts were opened.

Briefly Told

The Thompson Community Club will have a pot luck dinner at the school May 14 at 6:30 p.m. Ham and rolls will be furnished. A regular meeting will follow.

The Hat 'N' Tat Extension Club will meet Tuesday at 8 p.m., at the home of Mrs. Leonard Courmay. Members will make leis for the Hawaiian laus of May 21 at the Liberty Hall.

James Howland, 14th district commander of the VFW presided at the district's recent sessions in Menominee.

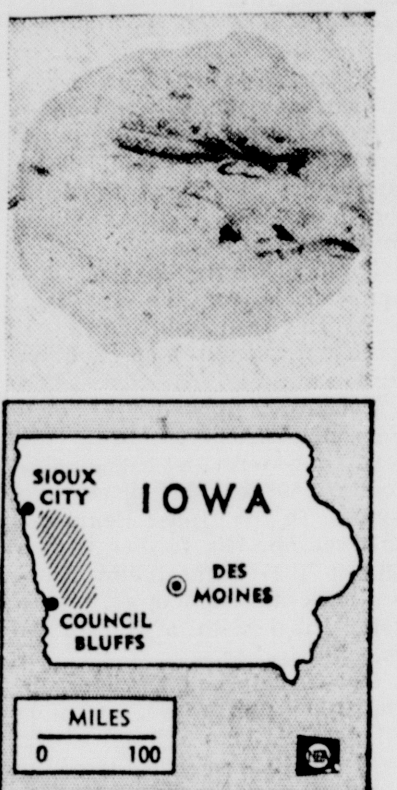

A car driven by Howard Hakeos, 62, of Lambertville hit a deer on U.S. 2 in Newton Township of Mackinac County at 7:40 p.m., Friday. The accident occurred 2 1/2 miles west of the Manistique Lakes Road.

Bethel 69, International Order of Jobs Daughters, meets at 5:30 p.m. Tuesday for the annual mother-daughter banquet in the Masons Temple. Initiation will follow, beginning at 7 p.m. Members of the Eastern Star, Masons and persons of Masons affiliation are invited.

City Briefs

Mr. and Mrs. Frank Lundberg of Dade City, Fla., are visiting with Mr. and Mrs. Henry DeSautel.

Classified Ad Cost Little But Do A Big Job

MOON STONE HUNT—"Project Moon Harvest"—a hunt for unusual stones that might be chips knocked off the moon by "shooting stars"—is being conducted in Iowa during the spring plowing season. Federal officials say the lunar fragments may provide clues to the exact make-up of the moon's surface, information which space engineers would like to know before designing landing mechanisms for space ships. Farmers and school children are hunting for moonstones in an area between Council Bluffs and Sioux City.

Obituary

McKibbin
Funeral services were held Saturday, May 2, at the Pertzorn-Grosse Funeral Home, Milwaukee, for James H. McKibbin, 64, of Milwaukee, a host at the Pfister Hotel's Gold Room for 26 years, who died April 29. Burial was in Holy Cross Cemetery, Milwaukee.

Local survivors included a sister, Mrs. A. R. Anderson, 1101 S. 17th St., Escanaba, a nephew, Norbert K. Hall, formerly of Escanaba and now of Detroit, and a nephew, Robert J. Hall, of 216 S. 16th St.

Mr. McKibbin was born in Escanaba, son of Mr. and Mrs. James McKibbin, who lived in Powers and in Escanaba.

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year... more than for all television spot announcements or radio advertising.

SUZANNE M. GOUIN, daughter of the Henry Gouins of Isabella became the bride of Donald W. Pomeroy, son of Mr. and Mrs. Floyd Pomeroy of St. Jacques in a ceremony at St. Anne Church in Isabella Saturday, May 2. They will live in Isabella after a wedding trip in Canada. (Mincoff Photo)

MRS. INA-ILONA Meyer of Lake Linden is pictured with one of her landscape paintings which she showed to the Manistique Women's Club at its recent luncheon meeting in Liberty Hall. The artist started her work as a hobbyist four years ago and has developed jewelry and other art products in several materials. She has sold her works in Switzerland and Scandinavia as well as in this country. (Daily Press Photo)

Florida Couple Wed In Nude

DELRAY BEACH, Fla. (AP)—Charles and Sissy Morrow, who were wed in the nude, dressed for their honeymoon.

Charles, 23, a Miami sailor, and his bride, 16, interrupted their wedding trip Sunday to hold an ice cream and cake, clothes-off reception "for friends only."

John Dawson, nudist camp operator and father of the bride, said, "We couldn't hold a reception on the wedding day because all their friends were afraid of publicity."

Still wearing their wedding attire—a veil for her, a suntan for him—the couple stood in a receiving line to smile for more than 100 guests.

Dawson wouldn't say where they were going on their wedding trip.

Some 200 guests—all nude—attended the ceremony Saturday at Dawson's nudist lodge.

Sports In Brief

CHICAGO (AP)—Ferris State's Jerry Brazil cracked the Elmhurst College Invitational Track Meet's 220-yard low hurdles record Saturday with a 23.2-second clocking. Ferris placed sixth in Class B team competition. In Class B, Hillsdale placed second.

NEW YORK—Armando Vega of Los Angeles successfully defended three men's individual titles and Muriel Grossfield of Southern Connecticut State College won two women's crowns in the National AAU Gymnastics Championships.

SAN FRANCISCO—Vic Morabito, 45, owner of the San Francisco 49ers of the National Football League, died after suffering a coronary seizure.

Yesterday's Stars

By The Associated Press
BATTING—Bill Skowron, Washington, hit three home runs and a double, driving in five runs, as the Senators trounced Boston 13-4, then lost 9-4.

PITCHING—Joe Nuxhall, Cincinnati, shut out Philadelphia 2-0 on four hits for his second victory in four decisions.

ORBITING EGGS

ecbIn ean - g7th iw vlt
CAPE KENNEDY, Fla. (AP)—Scientists are studying the possibility of rocketing a couple dozen eggs into orbit to determine whether chicken embryos will develop normally in space weightlessness.

The eggs, wired like a switchboard, might provide clues on prolonged space flight. They are particularly good for space study for several reasons:

The chicken embryo has been studied thoroughly and there is little that is not known about its behavior on earth. The embryo has a 21-day development period, well-suited to the short duration of space missions. Gravity is known to have some effect on the embryo, as shown by the need to turn eggs at least once a day in order for them to hatch.

The main problem to be solved is how to carry the eggs so that they will survive the stresses of acceleration, re-entry and landing without scrambling.

EDUCATIONAL TV

BOWLING GREEN, Ohio (AP)—The start of telecasting operation from a classroom building here has given Ohio the lead in number of educational television stations.

Bowling Green State University's WBGU-TV, which went on the air Feb. 10, is the seventh in the Buckeye State, all ultra-high frequency. Florida is second with six.

1. Card of Thanks

Estenson

We desire to extend our heartfelt thanks for all the kindness and sympathy shown us by neighbors, relatives and friends in the death of our beloved husband, brother and uncle, Roy Estenson. A special word of appreciation for the floral tributes. Especially do we thank Rev. Walfrid Nelson for his words of comfort, Mrs. Olson and Mrs. Mallman for their beautiful songs, Chaplain Archie Wood and members of the American Legion, friends and neighbors for their many acts of kindness. Your kindness will always be held in grateful remembrance.

Mrs. Roy Estenson
J. F. Estenson
Nieces and Nephews

Hanson

We wish to express our heartfelt thanks to the many friends, neighbors and relatives who by their acts of kindness in the recent illness and death of our father, Andrew E. Hanson, helped to lighten our burden of sorrow. Especially do we thank the Rev. Erland Carlson, the Ladies Aid, American Legion Post, the Pallbearers, those who sent flowers, memorial cards, cards of sympathy, the music of the service, use of cars and drivers. Your kindnesses will always be remembered.

The Family Of
Andrew Hanson

Pick Ligonier For PGA Site

DUNEDIN, Fla. (AP)—Laurel Valley Golf Club, Ligonier, Pa., will be the site of the 1965 National Professional Golf Association Championship.

Warren Cantrell, PGA president, said today the four-day 72-hole tournament will be Aug. 12-15 with Laurel Valley open for practice Aug. 9. It will be the first time since 1951 that the PGA championship has been held in metropolitan Pittsburgh.

Bethyl Mankiewicz

Virginia Vandenbusche

BETHYL MANKIEWICZ is valedictorian and Virginia Vandenbusche, salutatorian of this year's graduating class of Rock High School. Bethyl is a daughter of Mr. and Mrs. Victor Mankiewicz. Her activities include cheerleading, Pep club, Newspaper club, chorus, annual staff, Rock 4-H club. She was a recipient of the D.A.R. award, Betty Crocker Award and Michigan 4-H Key club award. She plans to enter Northern Michigan University to major in elementary teaching. Virginia, daughter of Mr. and Mrs. George Vandenbusche, plans on majoring in secondary education at Northern Michigan. Her activities were cheerleading, pep club, dancing club, chorus and 4-H.

Jan Bruce

Tony Cavadeas

LLOYD BRUCE, principal of the Bark River-Harris High School, announced today that valedictorian for the 1964 graduates will be Jan Bruce and salutatorian is Tony Cavadeas. Both are enrolled in Michigan Technological University of Houghton for the fall term. Jan, son of Mr. and Mrs. Lloyd Bruce of Bark River, won a Science Scholarship and attended the sixth annual Honors Science Institute at Michigan State University in Lansing for six weeks in 1963. He has varsity letters in football for 3rd and 4th years; basketball 2-3-4; track 3. He served on the Student Council and as class vice-president. Tony, son of Mr. and Mrs. Antone Cavadeas, Wilson, was chosen to attend Boys' State in Lansing in 1963. His varsity letters are football, 1-2-3-4; basketball 3-4; track 3. He was a class vice-president.

Italian Groups Plan U.P. Clubs

ISHPEMING — The Federated Italian-American Societies of Upper Michigan have set July 25-26 as the dates, Ishpeming as the site, for their annual convention.

Meeting in the Dugout Club of St. John's Parish, under the presidency of James M. Nardi, the group found the St. Rocco & St. Anthony Society of Ishpeming accepting the convention. Dominic Tassone is head of the local group.

Iron Mountain, Sault Ste. Marie, Calumet and Caspian were represented at the meeting.

The launching of the Paisano Club of Upper Michigan was approved. This group will aim at "commemorating, preserving and highlighting" the contribution of the Italian immigrant and his American-born children to the growth of the Peninsula. They will also aim to establish a loan fund for Italo-American students attending Upper Michigan colleges.

The preservation of traditions is anticipated through an annual Paisano Day in some U.P. community. Finally, the club hopes to recognize the public service given by Italo-Americans in the region.

Membership will be open to all who have a drop of Italian blood in their veins, and the annual fee will be \$1. A circular, describing the club, is being mailed to all known eligibles in the U.P. Committees are being set up: in Ishpeming, through Mr. and Mrs. Leonard Altobello; in Negaunee, by Dominic Digheira; in Marquette, by Miss Jeanne Evon; in Calumet, by John Fontana, Gino Manzini and Mary Caserio; in Caspian by Otto Cristan; in the Sault, by Mr. and Mrs. Denny Sauro and Mrs. Louise Jorgensen. Other communities will be contacted soon.

Rt. Rev. Msgr. David P. Speltgatti, originator of the club, expects that by mid-winter enough memberships will have been solicited to enable sponsors to call county meetings, elect local and U.P. officers and directors.

OBJECT OF SEARCH—Have you seen a woman like this? Model Lori Walker is made up to resemble the description of an intruder who kidnapped Paul Fronczak, one-day-old baby, from a Chicago hospital. She is wearing the same type of clothing worn by the woman when she took the baby. (NEA Telephoto)

Scout Council Meeting May 17

From 300 to 500 Scout Leaders are expected to attend the Hiawathaland Council's 20th annual meeting in Escanaba Sunday afternoon and evening, May 17, at the Escanaba Area High School.

Traditional highlight of the gathering will be the presentation of Silver Beaver awards to four of the Council's outstanding Scouters for their "exceptional service to American boyhood within the Hiawathaland Council."

Local members of the Council and District active in Council work include: Clarence Zerbel, John O'Brien, Robert Barron, Rev. Walfrid Nelson, Escanaba; James T. Jones and Oscar Ohman, Gladstone; Jerry Parr, Bark River, and Fred Hahne, Manistique.

"All Scouters and their ladies are urged to attend" said Robert Barron, general chairman. "The meeting is also open to the public and Scouters are asked to bring guests," he added.

Council President Burton Biyum, Negaunee will preside at the afternoon meetings of the Council and the executive board, as well as, at the evening recognition program. Barron will preside at the dinner.

Tickets may be secured from any Scouters and reservations are due in the Scout office, Marquette by Tuesday, May 12. R. Ralph Smith, Council Executive said.

Silver Beaver holders locally include: Robert Meyer, William Niles, Lyle Shaw, Ray Shaw of Escanaba; Clarence Hawkins, Gladstone; Fred Hahne, John Schmitt, Manistique; David Phalen, Nahma.

Holland Prepares For Tulip Show

HOLLAND (AP)—This West Michigan city was sprucing up today for its annual pageant that glorifies the tulip—as the tulip flourishes Holland, too.

The 35th annual Tulip Festival, expected to attract half a million visitors, opens Wednesday. It lasts four days.

Gov. George W. Romney will march in a parade Wednesday. Festival officials said the governor will wear a Dutch costume and push a broom.

Besides the millions of blooming flowers the festival attractions will include the traditional street dancing in wooden shoes.

Brothers Drown Off St. Ignace As Raft Upsets

ST. IGNACE (AP)—Two small brothers drowned in Lake Huron Sunday when their car-top raft upset.

State police said the boys, James Gamble, 15, and David, 11, using sticks for paddles, were swept 200 yards out by a wind. A wave capsized them.

A third brother, Paul, 9, was watching from shore.

Two civilian skin divers, Fred Leete and Kenneth Tyson of Mackinaw City, recovered the bodies from 15 to 20 feet of water.

The boys were sons of James and Alice Gamble. Besides Paul, there are five other children in the family.

Michigan Goes To Fair May 18

Hundreds of Michigan's citizens' prominent in the fields of industry, labor, business, education and government will invade New York on May 18 for a day-long program celebrating Michigan Day in New York and at the World's Fair to sing the praises of the Wolverine state. Gov. George Romney will head the delegation.

Michigan Day is the opening of the annual Michigan Week celebration which proclaims the things which make Michigan a great state.

Michigan through its "day" in New York intends to tell the nation as a whole about Michigan's industrial might, its financial stability, its 11,037 lakes, all of which help to make it one of the nation's top tourist attractions. Michigan, once labelled a problem state, has solved its problems and today is now one of the most attractive states for new industry.

The Michigan delegation, coming by special planes, train and car, will begin arriving in New York on Friday, May 15, and will be headquartered in the mid-town hotels (Gotham, Belmont and Barclay. Governor Romney will be at the Waldorf-Astoria.)

The Michigan Day program gets off the pad at the Waldorf-Astoria with an 8 a.m. breakfast on May 18, sponsored by New York area alumni of Michigan State and Wayne State universities and the University of Detroit.

After this breakfast, those attending will travel by subway from Grand Central station to the Fair in time for an official welcome by Fair officials at the United States pavilion at 11:55 a.m.

Meanwhile, the University of Michigan Club of New York alumni will be holding a breakfast for alumni of their school at 9 a.m. at the Heliport restaurant at the Fair.

The Michigan State band also will lead the Michigan group from the United States pavilion to the Rathskeller of the Belgian Village where the Detroit Economic Club will hold its weekly luncheon, inviting men and women of the Michigan delegation, the New York Economic Club and the New York area alumni of Michigan schools.

Governor Romney will make a major speech, "Michigan on the Move," at the luncheon. He will be introduced by Gov. Nelson Rockefeller, of New York. Also on the program will be Mrs. Jacob Javits, wife of the U. S. Senator from New York; Congresswoman Mrs. Martha Griffiths (Democrat) from Detroit.
